Deruga Trial:

The Deruga Trial Ricarda Huch, 1929 A 1917 novel about a physician charged with killing his ex wife An early courtroom drama it depicts a trial by jury in which the defendant is reluctant if not unwilling to talk about the crime he has allegedly committed In 1938 the novel was turned into a film of the same title After the death assumedly from cancer of his former wife Mingo Swieter Dr Sigismondo Deruga a 46 year old nose and throat specialist is accused by the deceased woman s cousin a Baroness of having poisoned her A post mortem is performed and indeed traces of curare are found in the woman s body Deruga leaves his medical practice in Prague and travels to Munich where his wife lived after their divorce only to learn that rumour has it that he murdered Mingo Swieter out of greed as he now stands to inherit a considerable fortune Deruga on the other hand claims that he did not know he was the beneficiary of her will and that he did not communicate with her in any way for the last seventeen years of her life Also he maintains that at the time of the murder he was unavailable for his patients not because he was travelling to Munich to kill his ex wife but because he was spending three days in the flat of a woman whose name he refuses to disclose as he does not want to taint her reputation
