The British National Bibliography Arthur James Wells,2009 Whitaker's Cumulative Book List ,1986 *The Cumulative Book Index* ,1995 A world list of books in the English language **Just a Larger Family** Mary F. Williamson, Tom Sharp,2011-05-15 The Second World War had been under way for a year when Marie and John Williamson welcomed two English brothers to join them and their two children in their small house in north Toronto for the duration of the conflict Marie wrote over 150 letters to the boys mother Margaret Sharp imagining that she could make Margaret feel she was still with her children She shepherded the boys through education decisions and illnesses eased them into a strange new life and rejoiced when they embraced unfamiliar winter sports The letters brim with detail about family holidays the financial implications of an extended family their involvement in their church and the games and activities that kept them occupied Marie s letters reflect the lives and concerns of a particular family in Toronto but they also reveal a portrait of what was then Canada s second largest city during wartime The introduction is by Mary F Williamson Marie s daughter and Tom Sharp Margaret s youngest son The book features a foreword by Jonathan Vance that puts the letters in historical context

Whitaker's Book List ,1991 *The Patient Will See You Now* Eric Topol,2016-10-25 The essential guide by one of America s leading doctors to how digital technology enables all of us to take charge of our health A trip to the doctor is almost a guarantee of misery You ll make an appointment months in advance You ll probably wait for several hours until you hear the doctor will see you now but only for fifteen minutes Then you ll wait even longer for lab tests the results of which you ll likely never see unless they indicate further and more invasive tests most of which will probably prove unnecessary much like physicals themselves And your bill will be astronomical In *The Patient Will See You Now* Eric Topol one of the nation s top physicians shows why medicine does not have to be that way Instead you could use your smartphone to get rapid test results from one drop of blood monitor your vital signs both day and night and use an artificially intelligent algorithm to receive a diagnosis without having to see a doctor all at a small fraction of the cost imposed by our modern healthcare system The change is powered by what Topol calls medicine s Gutenberg moment Much as the printing press took learning out of the hands of a priestly class the mobile internet is doing the same for medicine giving us unprecedented control over our healthcare With smartphones in hand we are no longer beholden to an impersonal and paternalistic system in which doctor knows best Medicine has been digitized Topol argues now it will be democratized Computers will replace physicians for many diagnostic tasks citizen science will give rise to citizen medicine and enormous data sets will give us new means to attack conditions that have long been incurable Massive open online medicine where diagnostics are done by Facebook like comparisons of medical profiles will enable real time real world research on massive populations There s no doubt the path forward will be complicated the medical establishment will resist these changes and digitized medicine inevitably raises serious issues surrounding privacy Nevertheless the result better cheaper and more human health care will be worth it

Provocative and engrossing *The Patient Will See You Now* is essential reading for anyone who thinks they deserve better health care That is for all of us *British Books in Print* ,1986 **Subject Guide to Books in Print** ,1993
Paperbound Books in Print ,1992 **American Book Publishing Record** ,1992 Books in Print Supplement ,1994 The Complete Directory of Large Print Books & Serials ,1988 Long Island Medical Journal ,1919
Forthcoming Books Rose Arny,2004 Texas State Journal of Medicine ,1910 American Druggist and Pharmaceutical Record ,1903 **Journal of the American Medical Association** American Medical Association,1904 Includes proceedings of the Association papers read at the annual sessions and list of current medical literature **The Western Osteopath** ,1922 *Bowker's Guide to Characters in Fiction 2007* ,2008-02 Association Poultry Journal ,1928
