Doctrine Of Selective Depravity:

The Doctrine of Selective Depravity Bruce Cutler,1980 Sayyid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica,2024-12-15 This book provides a new reading of the famous Egyptian Islamist Sayyid Qutb 1906 1966 beyond the traditional paradigm of Islamic fundamentalism Dragos Stoica opens a fresh analytical and comparative path by approaching Sayyid Qutb s work as the first anti modern political theology developed in the modern Muslim space Faith and Action R. J. Rushdoony,2019-08-26 Faith and Action is the complete collection of the essays of R J Rushdoony written for the Chalcedon Report between 1965 and 2001 along with several transcripts of his recorded talks The large volume The Roots of Reconstruction only contained his Chalcedon Report essays up until 1985 so most of the essays included in Faith Action were unavailable to readers for many years until now In order to make the author s knowledge more accessible this three volume collection features some of the most extensive indexing we ve ever done including a General Index a History Index a Scripture Index a Works Cited Index and a Chalcedon Report Directory A total of 183 pages of indexing This handsome set of books is a must have for any serious library The central theme of this collection of essays is Christian Reconstruction which to Rushdoony meant the responsibility of Christian citizenship in the Kingdom of God For him his central drive behind his research and writing was to move men to faith and action Rushdoony was primarily an essayist who vigorously and prolifically wrote on a multiplicity of subjects issues and disciplines Despite his being critical of both the contemporary church for its compromise and the humanistic state for its will to be as God these essays are replete with Rushdoony s undying faith in the victory of God in history Rushdoony s big idea was Christian Reconstruction which centered not on a pursuit of political power but rather an equipping of Christians to take back government by means of self government in terms of God s law This three volume collection will no doubt serve the larger church for many generations as they seek first the Kingdom of God in their spheres and in their times To Be As God R. J. Rushdoony,2003 This monumental work is a series of essays on the influential thinkers and ideas in modern times The author begins with De Sade who self consciously broke with any Christian basis for morality and law Enlightenment thinking began with nature as the only reality and Christianity was reduced to one option among many It was then in turn attacked as anti democratic and anti freedom for its dogmatic assertion of the supernatural Literary figures such as Shelly Byron Whitman and more are also examined for the Enlightenment presented both the intellectual and the artist as replacement for the theologian and his church Ideas such as the spirit of the age truth reason Romanticism persona and Gnosticism are related to the desire to negate God and Christian ethics Reading this book will help you understand the need to avoid the syncretistic blending of humanistic philosophy with the Christian faith The Midwest Quarterly ,1988 The Beloit Poetry Journal ,1977
