Alejandro Anaya-Muñoz, Barbara Frey, 2019-01-11 Lawless elements are ascendant in Mexico as evidenced by the operations of criminal cartels engaged in human and drug trafficking often with the active support or acquiescence of government actors The sharp increase in the number of victims of homicide disappearances and torture over the past decade is unparalleled in the country's recent history According to editors Alejandro Anaya Muñoz and Barbara Frey the war on drugs launched in 2006 by President Felipe Calderón and the corrupting influence criminal organizations have on public institutions have empowered both state and nonstate actors to operate with impunity Impunity they argue is the root cause that has enabled a human rights crisis to flourish creating a climate of generalized violence that is carried out condoned or ignored by the state and precluding any hope for justice Mexico's Human Rights Crisis offers a broad survey of the current human rights issues that plague Mexico Essays focus on the human rights consequences that flow directly from the ongoing war on drugs in the country including violence aimed specifically at women and the impunity that characterizes the government's activities Contributors address the violation of the human rights of migrants in both Mexico and the United States and cover the domestic and transnational elements and processes that shape the current human rights crisis from the state of Mexico's democracy to the influence of rulings by the Inter American Court of Human Rights on the decisions of Mexico's National Supreme Court of Justice Given the scope the contemporaneity and the gravity of Mexico's human rights crisis the recommendations made in the book by the editors and contributors to curb the violence could not be more urgent
