Access To Health:

Access to Health Care in America Institute of Medicine, Committee on Monitoring Access to Personal Health Care Services, 1993-02-01 Americans are accustomed to anecdotal evidence of the health care crisis Yet personal or local stories do not provide a comprehensive nationwide picture of our access to health care Now this book offers the long awaited health equivalent of national economic indicators This useful volume defines a set of national objectives and identifies indicators measures of utilization and outcome that can sense when and where problems occur in accessing specific health care services Using the indicators the committee presents significant conclusions about the situation today examining the relationships between access to care and factors such as income race ethnic origin and location The committee offers recommendations to federal state and local agencies for improving data collection and monitoring This highly readable and well organized volume will be essential for policymakers public health officials insurance companies hospitals physicians and nurses and interested individuals

Access to Health Care in America Institute of Medicine (U.S.). Committee on Monitoring Access to Personal Health Care Services, 1993 *Factors Influencing Access to Health-care Services* Diana L. Jennings, 2000 *The Massachusetts register*, 1998 *Health Care Ethics and the Law* Donna K. Hammaker, Thomas M. Knadig, 2016-02-26 This text engages students with the ethical decisions faced by health care professionals every day Based on principles and applications in health care ethics and the law this text extends beyond areas that are often included in discussions of political philosophy and the principles of justice

Building Access to Health Care Georgia. Access to Health Care Commission, 1991 Accessibility - Health Literacy - Health Information Sarah Ahrens, Sergio Hernández Garrido, Janina Kröger, Rebecca Schulz, Loraine Keller, Isabel Rink, 2022-10-04 Recent studies show that more than half of the German population have difficulties in accessing understanding appraising and applying health information thus giving accessibility in health communication new traction This volume links research and practice in the areas of accessible communication health information and health literacy The articles focus on these fields from a methodological text and or user perspective The authors examine how to improve accessibility of research methods and how to adapt existing methods to answer questions about accessibility of health information They discuss accessibility of text types and link accessibility to individual organisational and professional health literacy Contributions also give insight to the implementation of Easy and Plain Language in health information All articles stem from different fields in bringing them together this volume fosters interdisciplinary exchange to communicate accessible health information and methods to specific vulnerable target groups

Access to Health Care Martin Gulliford, Myfanwy Morgan, 2013-05-13 To what extent can we have truly universal comprehensive and timely health services equally available to all Access to Health Care considers the meaning of access in health care and examines the theoretical issues that underpin these questions Contributors draw on a range of disciplinary perspectives to investigate key aspects of access including geographical accessibility of services socio economic equity of

access patients help seeking behaviour organisational problems and access methods for evaluating access Access is considered in both a UK and international context The book includes chapters on contrasting health policies in the United States and European Union Access to Health Care provides both health care researchers as well as health professionals managers and policy analysts with a clear and wide ranging overview of topical and controversial questions in health policy and health services organization and delivery

Access to Health Rebecca J. Donatelle, Lorraine G. Davis, Carolyn F. Hoover, 1991 *Assuring Access to Health Care* Maine. Special Select Commission on Access to Health Care, 1989

EU Health Law & Policy Anniek de Ruijter, 2019-01-24 Whether there is a public health need for the containment and response to swine flu or an individual need to access health care across the border for a hip operation to alleviate pain the EU has an increasingly powerful role in the field of human health Health law and policy is deeply tied into fundamental rights bioethics and values with important implications for individuals However it is also an expansive area of economic regulation of social and state arrangements The growing role of the EU in human health law and policy is contested particularly as it has implications for the fundamental rights and values that are enshrined in national health law and policy This book outlines through case studies how the expansion of EU power is taking place through law and policy in both public health and health care How is law and policy in the field of human health adopted who are the institutional actors involved and what is the impact of these developments for fundamental rights

Development of Indices of Access to Medical Care Lu Ann Aday, Ronald Andersen, 1975 *Proceedings of the International Conference of Geography and Disaster Management (ICGDM 2022)* Hamim Zaky Hadibasyir, Vidya Nadhiyatul Fikriyah, 2023-06-23 This is an open access book The International Conference of Geography and Disaster Management ICGDM2022 invites prospective authors academics and industries to submit papers related to human geography human nature interactions social aspect of disaster management remote sensing and GIS applications for society The conference will be held virtually This conference is part of a conference program called International Summit on Science Technology and Humanity ISETH 2022 Organized by Universitas Muhammadiyah Surakarta
