Understanding the Natal Chart Suzanne Rough, 2014-07-31 The aim of this book is to introduce students of astrology to an approach that will make horoscopes conventional techniques useful to those who come to astrology looking for spiritual guidance This is not about learning a new astrological language but rather how to give a different application to the familiar techniques of Western horoscopy Understanding the natal chart is recommended to complete beginners those wishing to structure patchy knowledge and those already competent in horoscopy who are in search of a more esoteric approach to see the way forward **Municipal Year Book** New Haven (Conn.), 1864 Annual Report Montana.
