Critical Discourse Analysis And Language Cognition:

   Critical Discourse Analysis and Language Cognition Kieran O'Halloran,2019-08-06 An interdisciplinary study of issues of language manipulation this book explores the interpretation stage of critical discourse analysis CDA for students in areas such as English language media studies and applied linguistics as well as practitioners in the field It also offers a new way forward for highlighting manipulative language accomplishing this through the innovation of a model of reading for gist The model is an original synthesis of elements from four contemporary cognitive frameworks connectionism cognitive linguistics psycholinguistic evidence on inference generation and relevance theory Significantly Kieran O Halloran also shows how each of these frameworks challenges current notions of cognition in CDA and he carefully works through the implications of this for how CDA highlights manipulative language Features Shows clearly how more systematic and reliable prediction can be made as to whether a news text is likely to manipulate someone reading for gist Provides accessible outlines of connectionism cognitive linguistics psycholinguistic research on inference generation relevance theory which assume no previous knowledge Brings together contemporary linguistic and cognitive approaches which usually do not communicate Provides a useful overview of how language cognition is understood in CDA revealing tensions in this understanding In offering novel criticism of some key aspects of CDA and in suggesting ways in which critical analyses of news texts can be improved this book is likely to be both topical and controversial   *Discourse, Grammar and Ideology* Christopher Hart,2014-10-23 Researchers in critical discourse analysis CDA have often pointed to grammar as a locus of ideology in discourse This book illustrates the role that grammars as models of language and image can play in revealing ideological properties of texts and discourse in social and political contexts The book takes the reader through three distinct grammatical frameworks functional grammar multimodal grammar and cognitive grammar Using examples taken from a range of discourses relating to globalisation including discourses of immigration war corporate practice and political protests the book demonstrates the individual utility and the interconnectedness of these models inside CDA A key argument advanced is that the cognitive processes necessarily involved in making sense of language are based in visual experience This position offers new ways of understanding the ideological effects of grammatical choices in texts and suggests a reassessment of the relationship between linguistic and multimodal grammars in CDA The book will appeal to students and researchers interested in CDA and the relationship between discourse cognition and social action   Critical Discourse Analysis and Cognitive Science C. Hart,2010-10-20 This study advances a model for Critical Discourse Analysis which draws on Evolutionary Psychology and Cognitive Linguistics applied in a critical analysis of immigration discourse It will be of special interest to students and researchers with which to explore new perspectives in CDA   *Critical Discourse Studies in Context and Cognition* Christopher Hart,2011-08-17 Critical Discourse Studies CDS is an exciting research enterprise in which scholars are concerned with the discursive reproduction of power and inequality However researchers in CDS are

increasingly recognising the need to investigate the cognitive dimensions of discourse and context if they want to fully account for any connection between language legitimisation and social action This book presents a collection of papers in CDS concerned with various ideological discourses Analyses are firmly rooted in linguistics and cognition constitutes a major focus of attention The chapters which are written by prominent researchers in CDS come from a broad range of theoretical perspectives spanning pragmatics cognitive psychology and cognitive linguistics The book is essential reading for anyone working at the cutting edge of CDS and especially for those wishing to explore the central place that cognition must surely hold in the relationship between discourse and society **Cognitive Linguistics in Critical Discourse Analysis** Christopher Hart,Dominik Lukeš,2007 Explore the convergence of cognitive and critical trends in the guise of Cognitive Linguistics and critical discourse analysis This volume addresses a range of socio political discourses in various international contexts including discourses on nation education immigration and war It also develops theories such as metaphor power theory *Researching Discourse* Christopher Hart,2020 This is a how to guide to conducting research in discourse analysis in which readers are taken step by step through the research process This is the ideal companion for any student undertaking research in discourse analysis within English language linguistics applied linguistics and communication studies Cognitive Linguistic Approaches to Text and Discourse Christopher Hart,2019-05-15 Drawing on range of text genres including novels poems health forums holiday guestbooks prayers political songs and news stories each chapter uses cognitive linguistics to shed light on the meanings and meaning making processes invoked when we encounter texts belonging to different literary and political genres The book presents new insights into the workings of textual phenomena such as metaphor viewpoint and deixis and also sheds light on more elusive epiphenomenal qualities such as a text s ambience atmosphere power ideology or persuasiveness It also takes new strides in cognitive text analysis by exploiting experimental and ethnographic methods to empirically investigate readers reception of and resistance to texts **Cognitive Linguistics - A Survey of Linguistic Subfields** Ewa Dąbrowska,Dagmar Divjak,2019-07-08 The chapters provide comprehensive surveys of the major subfields of Cognitive Linguistics Apart from phonology construction grammar and lexical semantics the areas of language use language acquisition and literary discourse are comprehensively presented Methods of Critical Discourse Analysis Ruth Wodak,Michael Meyer,2001 This book is designed as an introduction to Critical Discourse Analysis CDA and gives an overview of the various theories and methods associated with this sociolinguistic approach It also introduces the reader to the leading figures in CDA and the methods to which they are most closely related The text aims to provide a comprehensive description of the individual methods an understanding of the theories to which methods refer and a comparative treatment of each of these methods so that students may be able to determine which is the most appropriate to select for their particular research question Given the balance between theory and application plus the intended audience no previous knowledge of CDA is assumed Methods of Critical Discourse Analysis
