*Dr. Selma HELP!* Selma Massey,2003-07      **Anglophone Press in Constantinople: The Levant Herald & Eastern Express (1859-1878)** Burhan Çağlar,2021-12-01 The first newspapers in the Ottoman lands generally focused on commercial and financial news but as the time passed they developed a richer content portfolio with a wider range of topics The Levant Herald 1856 1914 was one of the long lasting newspapers issued by British subjects under Ottoman rule From this perspective it witnessed the Empire s last decades Although The Levant Herald was published in Ottoman territory it also circulated in Europe and Britain Due to this the newspaper had a somewhat international character The main purpose of the newspaper was to give news concerning the financial commercial and economic developments in the Near East the Levant in particular and to highlight the investment opportunities in the region It was aimed at not only the British Levantine groups in the Ottoman territory and their local and commercial partners but also the entire European community that had settled in the east The proprietors of the newspaper changed several times during its lifecycle and due to the regular threat of closure it had to be issued under different names The names that the newspaper used were as follows The Levant Herald The Constantinople Messenger The Eastern Express The Levant Herald Eastern Express      **My Ordeal in Canada** Abraham Bekit,2019-10-25 My Ordeal in Canada is a narration of my tragic plight as a black man in Canada I have been incarcerated five times by the police force and for no valid reasons whatsoever I was also condemned to a psychiatric facility admitted forcibly without my consents and in violation of my rights as a Canadian citizen Since I came to Canada in 1985 I have been subjected to many denials and deprivations by the prejudiced Canadian justice system which I have enumerated in my book in greater details Since 2005 I experienced a number of discriminatory impediments imposed on me by the systemic racism that is prevalent in the Canadian justice system I was prohibited from having access to my children for a total of more than ten years even though I committed no offense against any of them whatsoever The Toronto police and the justice system treat black men like myself differently and impose their racially biased verdicts without any repercussions This book highlights the various racist ordeals I was subjected to especially by the police and the Canadian justice system and by my employers My deplorable and dismal predicaments however are not unique to me alone They are paramount manifestations of the pathetic and pitiful trends and discriminations black men especially have to endure in racially biased Canada It is my hope that by writing my story and experiences in Toronto I will influence and bring the required changes and to highlight the discrepancies customary and prevailing in the Toronto police and the Canadian justice system I feel that I have a story to tell that will make Canada a better place to live in for all its citizens when the required changes are instituted      *The Psychological Birth of the Human Infant* Margaret S. Mahler,2018-06-12 The biological birth of the human infant and the psychological birth of the individual are not coincident in time The former is a dramatic observable and well circumscribed event the latter a slowly unfolding intra psychic process Thus begins this highly acclaimed book in which the author and her

collaborators break new ground in developmental psychology and present the first complete theoretical statement of the author's observations on the normal separation-individuation process. Separation and individuation are presented in this major work as two complementary developments. Separation is described as the child's emergence from a symbiotic fusion with the mother, while individuation consists of those achievements making the child's assumption of his own individual characteristics. Each of the sub-phases of separation-individuation is described in detail, supported by a wealth of clinical observations which trace the tasks confronting the infant and his mother as he progresses towards achieving his own individuality.

In order to bring an intimate focus and understanding to the issues involved in being pregnant and disabled, author Judith Rodgers conducted in-depth interviews with women with 22 different types of disabilities and with a total of 143 pregnancies. Thoroughly researched and informative, this book is a practical guide both for disabled women planning for pregnancy and the health professionals who work with them. The Disabled Woman's Guide to Pregnancy and Birth supports the right of all women to choose motherhood and will be useful for any disabled woman who desires to have a child. The subjects covered include an introduction to the ninety women and their specific disabilities; the decision to have a baby; parenting with a disability; emotional concerns of the mother, family, and friends; nutrition and exercise in pregnancy; a look at each trimester; labor and delivery; caesarean delivery; the postpartum period; and breast feeding.
