

Drawing Preparation

Drawing preparation is the first step in the drawing process. It involves setting up your workspace and gathering the materials you will need. This includes choosing a drawing surface, selecting your drawing tools, and preparing your subject matter.

Surface
The drawing surface is the foundation of your work. It should be clean, smooth, and of a size that allows you to work comfortably. Common surfaces include paper, canvas, and wood. Each surface has its own characteristics and may require different preparation techniques.

To ensure that the drawing surface is clean and smooth, it should be prepared by sanding or smoothing the surface. This is especially important for wood and canvas.

Tools
The drawing tools you choose will significantly affect the quality of your work. Common tools include pencils, pens, brushes, and erasers. Each tool has its own strengths and weaknesses, and you should choose the ones that best suit your style and the subject you are drawing.

Circle

Sphere

Subject
The subject of your drawing is the central focus of your work. It should be something that interests you and that you can observe closely. This could be a still life arrangement, a portrait, or a landscape. The more you know about your subject, the more effectively you can draw it.

Lighting
Lighting is a crucial element of drawing, as it determines the direction and intensity of the shadows and highlights. You should observe your subject carefully to determine the light source and how it affects the form. This will help you to create a more realistic and three-dimensional drawing.

Composition
Composition is the arrangement of the elements in your drawing. It should be balanced and visually appealing. You should consider the placement of your subject, the use of space, and the overall effect of your drawing. A well-composed drawing will draw the viewer's eye to the most important parts of the subject.

Pencil Lines & Textures

Pencil lines and textures are essential for creating depth and realism in your drawings. The way you use your pencil can make a significant difference in the quality of your work. This section will explore various techniques for creating different types of lines and textures.
