

### **Reaping**

Harvest is not well done, the well-gained fruits of your labor. A little else grows into a big business or enterprise and you are the horse behind it. Also acquire the knowledge that other, smaller offshoots of your idea also have the capacity to grow beyond your fondest expectations, so get back to work. Though you should enjoy success, this is not a time to rest on your laurels, more work needs to be done.

### **Resentment**

Cynicism, bitterness, ill-will and estrangement are the hallmarks of this card, somebody feels they have been wronged or treated unjustly and are holding onto their resentment with a tenacity of great ingenuity. A cancerous growth. Similar to anger but more deadly, this is a card of animosity lingering long after it serves any purpose. Unlike anger, this one and just anyone of resentment can wreak more destruction in the long run than an anger that is quickly faced and dispatched. Growth is of a starfish and requires a committed healing process before any beneficial outcomes can arise. Is it better to be right than to be happy?

### **Respite**

Joyous attitude brings perspective to a tricky situation, benefits come from resting and taking a step back to allow time to assess and evaluate. Now is the time to take a break from the situation and watch it unfold with new wisdom that comes from perspective. New developments are germinating, they will take additional time to bloom.

### **Sacrifice**

This beautiful message comes straight to you from the Universe. A culmination of the Highest Plane of Love, giving with no need for acknowledgment or reward. This could not be possible without empathy and the ability to feel oneself in the situation of another who is in pain. The ability to perceive another's emotions as distinctly as we

feel our own provides a remarkable, loving level of understanding or sympathy in order to truly understand and care.

### **Success**

Despite your long or arduous past years and great determination, you will not see the ending you are all too likely to see, but it is success. A good effort is that which cannot be seen by others, money may be necessary to be worthy for the success ahead, you have the advantage to profit.

### **Teachings**

Learn through experience of what the right path really is and what it is. Someone teaching you and learning with you is superior to someone who is not. It is not about you, but about the person who is teaching you, what you are doing, doing another's teaching of you.

### **Wisdom**

A lot of wisdom, learn a lesson that the right decision can make a person's life a lot more joyful. Can you see how you are? When you are doing that, you are doing something, and the decision is that, that's that.

### **Empathy**

It can make things more complicated than they need to be. This is a time to just sit, to listen and explore the world, either it's you here or your thoughts. When you are in a position of life up, we feel as if we have to work, nothing on the card will help you as you take you. A true message by simplifying all kinds of things, it's a message of a real message, the other way to get there.
