Historical Dictionary of the Sudan Robert S. Kramer, Richard A. Lobban Jr., Carolyn Fluehr-Lobban, 2013-03-22 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography

Traumatic Divorce and Separation Lisa Fischel-Wolovick,2018 This book is an integration of the study of trauma divorce and separation impacted by domestic violence substance abuse and mental illness While the original research on divorce took place at roughly the same time as the field of trauma social scientists did not integrate an understanding of trauma into their understanding of domestic violence and divorce During divorce such families are impacted by a history of traumatic exposure to abuse and require court intervention that cannot be addressed by mediation or alternative dispute resolution They require a trauma informed interdisciplinary response The text also discusses gender bias against women in the courts and the gender bias task force movement

Abuse & Betrayal Richard Joseph,2014-02-26 Abuse Betrayal is author Richard Joseph s deeply personal autobiographical account of his experiences with marriage divorce and the effects of his ex wife s behavior Sure to strike a chord with anyone who has ever been in a dysfunctional relationship or divorce situation it follows the couple from happy beginnings to their tumultuous divorce and describes the abuse and alienation Richard faced during and after the marriage Richard s narration touches upon sensitive topics such as the emergence of his ex wife s narcissistic personality her obsession with status and the inappropriate behavior she exhibited But the most raw and exposed of his passages are those dedicated to describing his ex wife s attempts at alienating him from his daughters which makes Abuse Betrayal a story not just about Richard s divorce but also about his feelings and efforts toward parenting and fatherhood Filling a void in the media market Abuse Betrayal delivers a story uniquely told from the male perspective and draws attention to important issues that too often get swept under the rug Through Richard s encounters with lawyers the courts and prison it raises questions about the fairness of the divorce process in our country and speaks to the biases in the legal and judicial systems
