Abuse Of Power A Theological Problem:

The Abuse of Power James Newton Poling, 1991 Pastoral care instruction and observation from a therapist of survivors of sexual abuse The Abuse of Power is must reading for clergy and denominational officials Weaving case stories with theory Poling demonstrates that sexual abuse of children is not a private matter but very much a matter for society and church a question of structure and ideology not just of individual character He is not afraid to tackle the tough question Does the image of God sacrificing Jesus on the cross contribute to abusive parent child relationships If pastors and church officials read this book the church will change Karen Lebacqz Pacific School of Religion For the exploitation of women and children to stop men must be willing to break ranks with all forms of privilege that sanction male dominance James Poling does so by deconstructing his own sense of male entitlement by refusing to distance himself from perpetrators by allowing survivors of sexual and domestic violence to speak with their own voices by giving us profound words of hope and by articulating a powerfully healing theology wrought through the depths of his own struggle with one of the worst evils in our society His courageous and compassionate work reveals the love and hope that is born of solidarity across the boundaries of gender sexual orientation race and economics The psychological political spiritual and theological power of this book is such that all educators ministers therapists and Christians must read it Rita Nakashima Brock Hamline University Chapter titles are 1 Hearing the Silenced Voices 2 Power and Abuse of Power 3 Karen Survivor of Sexual Violence 4 Stories of Recovering Perpetrators 5 The Schreber Case Methods of Analysis 6 The Search for Self 7 The Search for Community 8 The Search for God 9 Ministry Practice and Practical Theology *The Wiley Blackwell Companion to Practical Theology* Bonnie J. Miller-McLemore, 2014-01-07 Through a series of essays contributed by leading experts in the field The Wiley Blackwell Companion to Practical Theology presents an introduction to practical theology as a major area of Christian study and practice including an overview of its key developments themes methods and future directions The first comprehensive reference work to provide a survey description and analysis of practical theology as an area of study A range of leading scholars in the field provide original contributions on the major areas issues and figures in practical theology Reviews an extensive range of methods for studying theology in practice along with sub disciplines in theological education such as pastoral care and preaching Covers developments in the discipline in a range of global contexts and distinct Christian traditions Shows how practical theology is relevant to everyday life **Before the Fall** Nils Friberg, Mark R. Laaser, 1998 Church and theological seminary leaders have long desired a guidebook to help them orient candidates for ministry to the issue of sexuality and ministry This is that book Nils Friberg and Mark Laaser lay out the major problems and guidelines for solutions *Sexual Abuse by Clergy* Marie M. Fortune, James Newton Poling, 2008-08-01 Clergy sexual abuse is a horrible reality These essays reveal that between ten and twenty percent of clergy offend against the integrity of the pastoral relationship and the vulnerability of those entrusted to their care by crossing the boundary from religious service to sexual

activity The survivors of such abuse face terrible consequences of personal and relational brokenness and the loss of God and the church The church and pastoral care and counseling agencies become conflicted by competing claims about responsibility and paralyzed by the threat of costly lawsuits from all involved parties And the ongoing failure to bring perpetrators to account and to bring about vindication for the survivors undermines the vitality of our religious communities and the credibility of our message The core theme of these essays is the need to rethink and reconstitute power including our view of God s power into genuinely mutual and accountable arrangements Healing intimacy reconciliation and forgiveness derive from justice and vindication rather than vice versa The healing and restoration of persons and a genuine social advance will come only when we are able to reconceive power and order our practice of ministry care and counseling in non coercive and non patriarchal terms The challenge is a cultural challenge with serious consequences for elevating those of low degree and bringing the mighty down to the possibility of genuine redemption from the Introduction

Abuse, Power and Fearful Obedience Jennifer G. Bird,2013-05-01 Jennifer G Bird analyzes the construction of wives subjectivity in 1 Peter working primarily with what is referred to as the Haustafel household code

section and engaging feminist critical questions postcolonial theory and materialist theory in her analysis Bird examines the two crucial labels for understanding Petrine Christian identity aliens and refugees and royal priesthood and holy nation And finds them to stand in stark contrast with the commands and identity given to wives in the Haustafel section Similarly the command to honour the Emperor which immediately precedes the Haustafel engenders a rich discussion of the text's socio-political implications The critical engagement of several symptomatic irruptions within the commands to the wives uncovers the abusive dynamic underlying this section of the letter Finally Bird considers the present day implications of her study

The New Interpreter's Bible Abingdon Press,1994 The New Interpreter's Bible brings the best in contemporary biblical scholarship into the service of the Church **Review of Religious Research** ,1998 **Toronto Journal of Theology** ,1993 **Ethics and World Religions** Regina Wentzel Wolfe,Christine E. Gudorf,1999 Ethics and World Religions presents eighteen original cases that discuss ethical issues of diverse peoples and religions situated around the world Each case is followed by two commentaries that explore the relevant issues from the perspective of two different religious traditions Commentaries highlight the religious values principles and laws that are relevant and they also suggest the range of options for resolution that exist within the perspective of that religion **Looking in the Other Direction** Teun van der Leer,2023-09-22 In this study Teun van der Leer tells the story of the Believers Church Tradition a tradition mainly rooted in the so called Radical Reformation which prefers to be called a movement or rather a renewal movement Its name is a program a vision and a way of being church Based on extensive source research this book describes and analyzes the defining characteristics of this so called third type of church and investigates its ecumenical value With an extensive description of its nature of faith the church hermeneutical discernment and mission this book colors a movement within the church landscape that has never been mapped in such detail before As such the book provides an in depth introduction to this ecumenically important but still a bit underexposed movement and makes a substantial contribution to the ecumenical ecclesiological debate about the church and its future **The Power of the Cross** Sally B. Purvis,1993 Purvis claims that the power of the cross at the heart of a Christian feminist ethic of community provides the theological ethical boundaries within which the community takes its shape and has its life While the focus of this book is power the goal is community structure by Christian norms interpreted through feminist categories **The Constructive Theology of Bernard Meland** Tyron Inbody,1995 This book offers a comprehensive introduction to the thought of Chicago Divinity School theologian Bernard Meland 1871-1993 Tyron Inbody places Meland's theology within the development of the liberal tradition He argues that Meland was a precursor of liberal developments in epistemology especially in his view of how experience language and culture are related Inbody explores the extent to which Meland was both representative and critical of process theology He

concludes with an assessment of Meland's contribution to postliberal theology. Inbody's work not only sheds light on the work of this important but neglected thinker but is in its own right a contribution to empirical theology, theological epistemology, process theology, and the history of liberal theology in North America. **AAR/SBL Annual Meeting Program**, American Academy of Religion, Meeting, 1991. [The Use and Misuse of Pastoral Power](#), Chun-An Wang, 2006. **Betrayal of Trust**, Stanley James Grenz, Roy D. Bell, 1995. The problem of professionals sexually abusing clients has reached epidemic proportions. Such misconduct is now so widespread that insurance companies are limiting or eliminating their coverage of it. And sadly, some observers fear women are more likely to be abused at church than in the workplace. *Betrayal of Trust* is one of the first comprehensive evangelical treatments of this crisis. It outlines how sexual misconduct by clergy is a breach both of power and of sexual trust. It helps churches know how to aid those who have been abused and importantly gives guidance on the prevention of abuse by clergy.
