Tellis,2001 This book brings together the many pieces of India s nuclear puzzle and the ramifications for South Asia The author examines the choices facing India from New Delhi s point of view in order to discern which future courses of action appear most appealing to Indian security managers He details how such choices if acted upon would affect U S strategic interests India s neighbors and the world BOOK JACKET      Gunshot Injuries, Their History, Characteristic Features, Complications, and General Treatment Sir Thomas Longmore,1895      The Origins of Comics Thierry Smolderen,2014-03-25 In *The Origins of Comics* From William Hogarth to Winsor McCay Thierry Smolderen presents a cultural landscape whose narrative differs in many ways from those presented by other historians of the comic strip Rather than beginning his inquiry with the popularly accepted sequential art definition of the comic strip Smolderen instead wishes to engage with the historical dimensions that inform that definition His goal is to understand the processes that led to the twentieth century comic strip the highly recognizable species of picture stories that he sees crystallizing around 1900 in the United States Featuring close readings of the picture stories caricatures and humoristic illustrations of William Hogarth Rodolphe T pffer Gustave Dor and their many contemporaries Smolderen establishes how these artists were immersed in a very old visual culture in which images satirical images in particular were deciphered in a way that was often described as hieroglyphical Across eight chapters he acutely points out how the effect of the printing press and the mass advent of audiovisual technologies photography audio recording and cinema at the end of the nineteenth century led to a new twentieth century visual culture In tracing this evolution Smolderen distinguishes himself from other comics historians by following a methodology that explains the present state of the form of comics on the basis of its history rather than presenting the history of the form on the basis of its present state This study remaps the history of this influential art form      **Contemporary American Poetry** Lloyd M.
