And nestled in those hidden hills and winding landscapes lies a culture as rich and decadent as their meals. The volume has two major components: one provides the non-specialist with a broad perspective on major themes in the research literature and the other provides annotated bibliographies of selected books, pamphlets, and periodicals of special significance. The nearly 400 bibliographic items are arranged on the basis of five major themes: 1. General Reference Works, 2. Humanities, 3. Social Sciences, 4. History, and 5. Pure and Applied Sciences. All entries are indexed by author, editor, compiler, title, and facts of publication. This guide is extremely easy to use. **Cookbooks by Small Presses** Paula Matta, 1988. **The Vampire Book** J.
