star crossed lovers whose deaths ultimately reconcile their feuding families It was among Shakespeare s most popular plays during his lifetime and along with Hamlet is one of his most frequently performed plays It may be audacious even to attempt a definition of his greatness but it is not so difficult to describe the gifts that enabled him to create imaginative visions of pathos and mirth that whether read or witnessed in the theatre fill the mind and linger there He is a writer of great intellectual rapidity perceptiveness and poetic power Other writers have had these qualities but with Shakespeare the keenness of mind was applied not to abstruse or remote subjects but to human beings and their complete range of emotions and conflicts Other writers have applied their keenness of mind in this way but Shakespeare is astonishingly clever with words and images so that his mental energy when applied to intelligible human situations finds full and memorable expression convincing and imaginatively stimulating As if this were not enough the art form into which his creative energies went was not remote and bookish but involved the vivid stage impersonation of human beings commanding sympathy and inviting vicarious participation Thus Shakespeare s merits can survive translation into other languages and into cultures remote from that of Elizabethan England Although the amount of factual knowledge available about Shakespeare is surprisingly large for one of his station in life many find it a little disappointing for it is mostly gleaned from documents of an official character
