## **Berrigan The:**

**Berrigan** Howard Steven Friedman,1996-01-01      **Affect, Psychoanalysis, and American Poetry** John Steen,2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self referential textual objects Affect Psychoanalysis and American Poetry challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid century poets Randall Jarrell Robert Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory Affect Psychoanalysis and American Poetry finds poetry s singularity in its unique capacity to represent anew the transmissible relational and uncontainable valences of feeling that structure and destabilize social life

**The Body and the Book** Glennis Byron,Andrew J. Sneddon,2008 The stimulating mix of academics and practising poets that have contributed to this volume provides an unusual and illuminating integration of critical and creative practice and a vibrantly diverse approach to questions of poetry and sexuality Each section of essays is complemented by poems which creatively illustrate or develop the theme with which the essays critically engage Rather than being limited to a specific genre tradition time or place this collection seeks to make a virtue of contrast comparison and juxtaposition The collection is arranged into sections that range broadly across the thematic ground of dichotomies traditions and revisions microscopic and macroscopic perspectives women and embodiment and the notion of play and performance Positioning eighteenth century tinkers ballads alongside medieval Hebrew lyrics and the Blues of Gorgeous Puddin or making Dionysus rub shoulders with Sharon Olds and Mrs Rochester provides new perspectives on familiar material and valuable insights into more obscure work and the nature of sensual poetry as a mode of expression As the editors suggest the essays and poems presented collectively argue that writings about sexuality are always already about the way poets see and represent our bodies the world and poetic language itself      Eastern Europe in the Middle Ages (500-1300) (2 vols) Florin Curta,2019-07-08 Winner of the 2020 Verbruggen prize This book provides a comprehensive synthesis of scholarship on Eastern Europe in the Middle Ages The goal is to offer an overview of the current state of research and a basic route map for navigating an abundant historiography available in more than 10 different languages The literature published in English on the medieval history of Eastern Europe books chapters and articles represents a little more than 11 percent of the historiography The companion is therefore meant to provide an orientation into the existing literature that may not be available because of linguistic barriers and in addition an introductory bibliography in English Winner of the 2020 Verbruggen prize awarded annually by the De Re Militari society for the best book on medieval military history The awarding committee commented that the book has an enormous range and

yet is exceptionally scholarly with a fine grasp of detail Its title points to a general history of eastern Europe but it is dominated by military episodes which make it of the highest value to anybody writing about war and warmaking in this very neglected area of Europe See inside the book [The Human Tradition in America Since 1945](#) David L.
