Berserker Lies:

Berserker Lies Fred Saberhagen,1991 Our wars were behind us Mankind was moving out from the planet of its birth New worlds were settled and with the wealth of the galaxy at hand poverty was eliminated Then out of a clear summer sky came the first berserker attack

Berserker The Ultimate Enemy Fred Saberhagen,2013-01-11 Long ago in a distant part of the galaxy two alien races met and fought a war of mutual extinction The sole legacy of that war was the weapon that ended it the death machines the BERSERKERS Guided by self aware computers more intelligent than any human these world sized battle craft carved a swath of death through the galaxy until they arrived at the outskirts of the fledgling Empire of Man These are the stories of the frail creatures who must meet this monstrous and implacable enemy and who by fighting it to a standstill become the saviors of all living things With help from wherever they can find it including World War I fighters and stomatopods earth descended humans face the ultimate enemy of all life A Saberhagen classic book length collection of the nine Berserker stories The Smile Pressure The Annihilation Of Angkor Apeiron Inhuman Error Some Events At The Templar Radiant Starsong Smasher The Game Wings Out Of Shadow

Berserkers The Later Tales Fred Saberhagen,2021-06-10 Across galactic timelines and landscapes earth descended humanity continues the fight against non living life hating Berserkers Along with powerful allies of plants sea creatures computerized personalities mythic men and a fictional detective life struggles against its unliving foe In clever hands even the foibles of human personalities can be used against the unliving Berserker foe Berserkers are automated warships made by an unknown race to fight in an interstellar war that had been over ages since they have outlasted their original enemies and their makers as well having been programmed and equipped to rebuild and reproduce themselves Still trying to carry out their originally programmed task they made age long progress across the spiral arms leaving nothing living in their wake This volume of fourteen tales together with the Berserkers The Early tales constitute a complete collection of Saberhagen authored Berserker stories The stories The Bad Machines and Servant Of Death have not appeared previously in any Saberhagen collection

Berserker Prime Fred Saberhagen,2020-01-24 Master storyteller Fred Saberhagen continues his bestselling Berserker series detailing humanity s war with the dreaded juggernaut like machines programmed to destroy all life in the galaxy In the Twin World planets Prairie and Timber Plenipotentiary Gregor is determined to serve his government Even if it means executing innocent Huvean hostages invaders from another planet And even though Gregor s granddaughter Luon is in love with Reggie a Huvean But now the Berserkers are threatening the Twin Worlds crashing a scoutship capturing the planets president and reprogramming his brain to suit their violent agenda And only the Huveans in a desperate reprieve can save the Twin Worlds populace from annihilation

Berserkers The Early Tales Fred Saberhagen,2021-06-09 These are the first stories of humanities fight against the life destroying Berserker machines Programmed to destroy all life the Berserkers threaten the very universe Only one form of life humanity is uniquely qualified to take on the machines Meet Berserker hunter

extraordinaire Johann Karlsen and his evil brother Felipe Nogara and other gallant fighters of the killer machines Not satisfied with efforts to destroy all life in present time the Berserkers devise a way to penetrate human history The death dealing machines pinpoint key personalities in human history for destruction When and if they succeed human progress is set back perhaps thousands of years Humanity has an answer On the planet Sirgol the only planet in the galaxy where time travel is possible an elite corps of Berserker hunters struggle to derail the Berserkers efforts Lieutenant Derron Odegard of Time Ops faces death dealing time traveling Berserkers in three exciting adventures Stone Man Winged Helmet and Brother Berserker A collection of fifteen of Saberhagen s Berserker short stories previously published as Berserker and Berserker Brother Assassin plus and introductory essay by Saberhagen Berserkers for Fun and Profit **Berserker's Star** Fred Saberhagen,2020-01-24 Independent pilot and sometime berserker hunter Harry Silver is being hounded by the Space Force on suspicion of possession of an illegal high powered weapon To avoid confiscation of his beloved ship the Witch Harry agrees to a quick evacuation of a trio of refugees from the doomed Hong s World Destination Maracanda an azlaroc type body a curious non planet where geography seems more like geometry and the soil itself can be a drug Maracanda s geography has the attention of berserkers rogue killer machines programmed to destroy all life especially human life With help from goodlife the berserkers could turn the strange combination of neutron star black hole and Maracanda s extraordinary geography into massive galactic destruction Harry teams with a woman disenchanted with her fanatical husband and an accidentally helpful smuggler acquaintance in an attempt to save the galaxy A grand military space story with engaging characters and a strikingly original and imaginative setting Berserker's Planet Fred Saberhagen,2020-01-18 Five hundred years have passed since the combined fleets of humanity met and broke the berserker armada at Stone Place Though the human victory was total one of the killer machines weaponless its star drive a ruin managed to limp to secret sanctuary on a planet called Hunter s World Over the years since then a new cult has arisen there a cult dedicated to Death as the only and ultimate Good For Hunter s World has become Berserker s Planet The great Game of elimination is on *Pyramids* Fred Saberhagen,2021-06-23 When college student Tom Scheffler agrees to care for the luxury Chicago apartment of his great uncle Montgomery Chapel he soon realizes that traveler Chapel s apartment contains more than a priceless collection of exquisite Egyptian artifacts An alternate Egyptian world awaits Tom a world of ancient gods uncountable treasure and danger A world where revenge will be had A world very much of interest to a dangerous fugitive and time traveler named Pilgrim Shiva in Steel Fred Saberhagen,2020-01-24 Seeking the contraband he and his separated partner Becky Sharp have hidden Harry Silver and his beloved ship the Witch Of Endor become stranded on a mysterious minor planet of a binary star system The planet s only inhabitants are a military installation purportedly maintaining a weather station An old acquaintance Claire Normandy commands the base Claire s base is more than a weather station as the biggest baddest berserker Shiva has discovered Shiva plans destruction of the base and all life on the

planet Harry Becky Claire and others on the side of humanity must defeat Shiva the god of death or die Others oddly on the side of life include a mad leader of a religious cult a psychotic serial killer and a pig headed military commander bent on a suicidal plan of attack Another action filled adventure in the on going struggle against the life destroying berserkers
