**LatinoLand** Marie Arana, 2025-02-18. A sweeping yet personal overview of Latino America that explores the diversity of our largest and fastest-growing minority. Census reports project that by 2050 as much as 30 percent of the US population will claim Latino heritage. But Latinos are not a single group of people. They are Mexicans, Puerto Ricans, Dominicans, Salvadorans, Cubans, and many others. They are racially diverse, a random fusion of White, Black, Indigenous, and Asian. Some have ancestors who were here long before the continent's earliest immigrants; others came later from many parts of the world. Their history and contributions are bound to surprise you. Marie Arana draws both on extensive research and on her own experience as the daughter of a Peruvian father and American mother, straddling two worlds as many Latinos do. LatinoLand unabashedly celebrates Latino resilience and character and shows us why it is essential that we understand this booming segment of America.
