Everyone deserves a second chance Even humanity Ex British Army officer Joe Llewellyn is captain of the Shantivira the alien space station secretly protecting the Earth from invasion After Joe reveals the Shantivira s existence to the UN everyone wants a piece of him Except his mother They re no longer speaking after he introduced her to his shape shifting space demon wife But it s not only Joe s relationship with his mam which is in jeopardy His alien bosses have given him an ultimatum either he persuades Earth s authorities to completely restructure the global economic system to distribute resources fairly without exceeding ecological boundaries or the space station will be reallocated to another more deserving planet With cannibalistic Ranglatiri space pirates prowling the galaxy brutally stripping and enslaving entire worlds for profit Joe can t afford to fail Trainee pilot Hanna Abebe is close to achieving her dream a permanent job on the Shantivira But with a boyfriend on trial for taking a vessel without permission and an extremely pregnant teenage sister not every dream can come true Ex NASA astronaut Dan Simpson and his alien girlfriend are on the Ranglatiri authorities Most Wanted list But that won t stop them from persevering with their dead friend s secret mission Unless of course they get caught This third instalment of The Shantivira fantasy solarpunk series is a must read for fans of Becky Chambers Ben Aaronovitch Ursula Le Guin Doctor Who and anyone who enjoys supernatural sci fi      *“Masters” and “Natives”* Svetlana Gorshenina,Philippe Bornet,Michel E. Fuchs,Claude Rabin,2019-10-08 The book focuses on the relational dynamic between masters and natives in the construction of scholarly narratives about the past in the fields of archeology history or the study of religions Reconsidering the role of subaltern actors that recent postcolonial studies have tended to ignore the present book emphasizes the complex relations between representatives of the imperial power and local actors and analyzes how masters and natives and their respective cultures have shaped each other in the course of the interaction Through various vectors of intercultural transfer and knowledge exchange through the circulation of ideas techniques and human beings new visions of the past of extra European regions emerged as did collective memories resulting from various kinds of appropriations In this framework the most important question is how these dynamic processes determined collective memories of the past in plural post colonial in particular Asian worlds participating to the construction of national imperial local identities and to the reinvention of traditions      **The Bookman** ,1921      **The Profit of the Earth** Courtney Fullilove,2017-04-18 While there is enormous public interest in biodiversity food sourcing and sustainable agriculture romantic attachments to heirloom seeds and family farms have provoked misleading fantasies of an unrecoverable agrarian past The reality as Courtney Fullilove shows is that seeds are inherently political objects transformed by the ways they are gathered preserved distributed regenerated and improved In The Profit of the Earth Fullilove unearths the history of American agricultural development and of seeds as tools and talismans put in its service Organized into three thematic parts The Profit of the Earth is a narrative history of the

collection circulation and preservation of seeds Fullilove begins with the political economy of agricultural improvement recovering the efforts of the US Patent Office and the nascent US Department of Agriculture to import seeds and cuttings for free distribution to American farmers She then turns to immigrant agricultural knowledge exploring how public and private institutions attempting to boost midwestern wheat yields drew on the resources of willing and unwilling settlers Last she explores the impact of these cereal monocultures on biocultural diversity chronicling a fin de si cle Ohio pharmacist s attempt to source Purple Coneflower from the diminishing prairie Through these captivating narratives of improvisation appropriation and loss Fullilove explores contradictions between ideologies of property rights and common use that persist in national and international development ultimately challenging readers to rethink fantasies of global agriculture s past and future
