*Advertising--how to Write the Kind that Works* David L. Malickson, John W. Nason, 1976      *How to Write Ad Copy That Works - Masters of Marketing Secrets: A Course In Classic Copywriting* Dr. Robert C. Worstell, J. George Frederick, 2014-05-28 As you are reading this you are obviously interested in how Marketing actually works and what is actually effective You already have been through the wringer with all these online marketers who use the same copy paste template of a sales page with mailing lists which send you unwanted traffic several times a week and insist that you are stupid enough to believe their hype over and over and over The Masters of Marketing Secrets series brings you these classics so that you can make up your own mind All that has been done with these books is to give you modern versions of them which have been mostly cleaned up of typos and poor editing and also made available in ebook and paperback so you can study them at your leisure J George Frederick lived in those times and wrote about the people and principles of advertising they discovered His book has been handed around for years and as you study the other books in this series it starts pulling the pieces together for you      **Bloom's how to Write about F. Scott Fitzgerald** Kim Becnel, 2008 Known for his masterwork *The Great Gatsby* a searing criticism of American society during the 1920s F Scott Fitzgerald claimed the distinction of creating what many readers and scholars consider to be the great American novel Bloom's *How to Write about F Scott Fitzgerald* offers valuable paper topic suggestions clearly outlined strategies on how to write a strong essay and an insightful introduction by Harold Bloom on writing about Fitzgerald This new volume is designed to help students develop their analytical writing skills and critical comprehension of this modern master and his major works      [The Editor: the Journal of Information for Literary Workers](#) ,1907      **The Magazine of Business** ,1913      **Printers' Ink; the ... Magazine of Advertising, Management and Sales** ,1917      **The Limits of the Digital Revolution** Derek Hrynyshyn, 2017-03-20 This academic analysis explores social media specifically examining its influence on the cultural political and economic organization of our society and the role capitalism plays within its domain In this examination of society and technology author and educator Derek Hrynyshyn explores the ways in which social media shapes popular culture and how social power is expressed within it He debunks the misperception of the medium as a social equalizer a theory drawn from the fact that content is created by its users and compares it to mass media identifying the capitalist driven mechanisms that drive both social media and mass media The work captures his assessment that social media legitimizes the inequities among the social classes rather than challenging them The book scrutinizes the difference between social media and mass media the relationship between technologies and social change and the role of popular culture in the structure of political and economic power A careful look at social media networks such as Facebook Twitter and Google suggests that these tools are systems of surveillance monitoring everyday activities for the benefit of advertisers and the networks themselves Topics covered within the book's 10 detailed chapters include privacy online freedom of expression piracy the
