The author shows that advisory boards in technology-based startups have seven different roles and functions: control, advice, networking, signalling, capital provision, co-management, coordination. It is shown that venture capital investors try to influence the importance of these roles in favour of control, coordination, and co-management. Contrary to this, the satisfaction of founders as well as advisory board members increases with a higher importance of advice, networking, and signalling. This analysis provides both qualitative and quantitative empirical data on the usage of those boards in practice. *United States Code*, United States, 1995. *The Dairymen's League News*, 1927. *Customer Advisory Boards* Tony Carter, 2003. From Dr. Tony Carter, a leading authority in business management, comes a book to give your company the winning edge. *Customer Advisory Boards: A Strategic Tool for Customer Relationship Building* examines the customer advisory board, one of the most effective competitive tools for building and maintaining customer satisfaction. This business guide shows how to create and make use of an effective customer advisory board and how doing so can give your company a marketing advantage and improve vital aspects of business, including customer responsiveness, trust building, and customer satisfaction.
