Congress. House. Committee on Appropriations. Subcommittee on Homeland Security, 2004 *Climate Change, Forced Migration, and International Law* Jane McAdam, 2012-02-23 Displacement caused by climate change is an area of growing concern With current rises in sea levels and changes to the global climate it is an issue of fundamental importance to the future of many parts of the world This book critically examines whether States have obligations to protect people displaced by climate change under international refugee law international human rights law and the international law on statelessness Drawing on field work undertaken in Bangladesh India and the Pacific island States of Kiribati and Tuvalu it evaluates whether the phenomenon of climate change induced displacement is an empirically sound category for academic inquiry It does so by examining the reasons why people move or choose not to move the extent to which climate change as opposed to underlying socio economic factors provides a trigger for such movement and whether traditional international responses such as the conclusion of new treaties and the creation of new institutions are appropriate solutions in this context In this way the book queries whether flight from habitat destruction should be viewed as another facet of traditional international protection or as a new challenge requiring more creative legal and policy responses law and the international law on statelessness Drawing on *Punishing Immigrants* Charis E. Kubrin, Marjorie S. Zatz, Ramiro Martínez, 2012-10-15 Arizona s controversial new immigration bill is just the latest of many steps in the new criminalization of immigrants While many cite the presumed criminality of illegal aliens as an excuse for ever harsher immigration policies it has in fact been well established that immigrants commit less crime and in particular less violent crime than the native born and that their presence in communities is not associated with higher crime rates Punishing Immigrants moves beyond debunking the presumed crime and immigration linkage broadening the focus to

encompass issues relevant to law and society immigration and refugee policy and victimization as well as crime The original essays in this volume uncover and identify the unanticipated and hidden consequences of immigration policies and practices here and abroad at a time when immigration to the U S is near an all time high Ultimately Punishing Immigrants illuminates the nuanced and layered realities of immigrants lives describing the varying complexities surrounding immigration crime law and victimization *Freedom of Information Act Guide* ,2009 The Freedom of Information Act Guide is an overview discussion of the FOIA s exemptions its law enforcement record exclusions and its most important procedural aspects
