Advanced Techniques For Economic Development And Planning:

Advanced Techniques For Economic Development And Planning Abha, Vijai, Prakash, 2003-01-01 Economic Development is a continuous process and for its successful implementation scientific methods are a must. Instead of working on the basis of judgement and thumb rules alone, it is advisable to plan on the basis of past data estimation and forecasting so as to match the development with the requirements. Otherwise, the development process will be lopsided. The present book is in continuation of the earlier book entitled *Statistical Concepts for Economic Development and Planning* by the same team of authors. In 19 chapters, this book covers Elements of Decision Theory, Essentials of Linear Economics, Econometric models for decision making, Linear Programming in Public enterprises, Essentials of Game theory, Social Games, Cooperative and conflicting in the context of weaker sections, Assignment Problem, An OR Problem, Econometric approaches to energy problems, Problems of Prediction, Project Planning and Management, A Network Model for Projects, Public Distribution system, Models for Project Planning and Management, An Econometric approach to planning of foreign trade, Econometric model for exports, Null models for import export trade, Inventory Management, Diagnostic approach to sick industries, Floods and their impact on the economy and Impact Assessment. This is followed by a glossary of abbreviations and subject index. The book is considered suitable for administrators, managers, directors, and also the students appearing in the All India and State level competitive examinations.

Planning Local Economic Development Nancey Green Leigh, 2024-11-06 Author Nancey Green Leigh brings years of academic and professional experience to this classic text which offers a comprehensive look at the basic tenets of local economic development planning. The book explores the theories of local economic development while addressing the issues and opportunities faced by cities, towns, and local entities in crafting their economic destinies within the global economy. The new Seventh Edition is updated with an increased focus on sustainability and equity, including local economic development issues arising from the global COVID-19 pandemic and significant shifts in the global economy.
