Advancing Family Theories

Meg Wilkes Karraker

Advancing Family Theories:

Advancing Family Theories James M. White, 2005 How can the study of families be scientific What is the difference between postmodern and positivistic approaches What is the role of models and metaphors in constructing our theoretical knowledge In *Advancing Family Theories* author James M White addresses such difficult questions that have been longstanding issues within the field of family studies and examines these matters from a social science perspective *Advancing Family Theories* explores two contemporary theories of the family rational choice theory and transition theory These diametrically different approaches illuminate what differing theories reveal about families The book also discusses how meta theories can assist in building and refining theory and offers insight on the understanding versus explanation debate *Advancing Family Theories* gives students a precise notion of what a theory is and how theories work in research The book not only looks at philosophical realms but also examines particular substantive theory to explain and predict family behaviors

Advancing Family Theories, 2015 Explores two contemporary theories of the family rational choice theory transition theory that illuminate what differing theories reveal about families The book also discusses how meta theories can assist in refining theory offers insight on the understanding versus explanation debate **Family Theories** James M. White, David M. Klein, 2008 An incisive thorough introduction to current theories of the family this text balances the diversity and richness of a broad scope of scholarly work with the conciseness needed for ease of use in a one semester course for upper division undergraduate and beginning graduate students Through two editions this best selling text has drawn upon seven major theoretical frameworks developed by key social scientists to explain variation in family life These frameworks include social exchange and choice symbolic interaction family life course development systems conflict feminist and ecological Readers of the Third Edition will welcome the addition of an eighth framework functional theories along with more suggestions for integrating theory to guide a research program and more applications for those going on to careers in the helping professions *Family Theories* James M. White, Todd F. Martin, Kari Adams, 2018-12-20 *Family Theories: An Introduction* by James M White Todd F Martin and new co author Kari Adams provides an incisive thorough primer to current theories of the family that balances the diversity and richness of a broad scope of scholarly work in a concise manner This best selling text draws upon eight major theoretical frameworks developed by key social scientists to explain variation in family life These frameworks include social exchange and choice symbolic interaction family life course development systems conflict feminist ecological and functional theories This new Fifth Edition includes suggestions for integrating theory to guide a research program and more applications for those going on to careers in the helping professions With an increased focus on both classical theories as well as contemporary and emerging theories this text challenges students to think about how families and family theories have changed over the last 70 years as well as where family scholarship is headed [The Handbook of Systemic Family Therapy](#), [The Profession of Systemic Family Therapy](#) Richard B. Miller, Ryan B. Seedall, 2020-10-19 This first

volume of the *The Handbook of Systemic Family Therapy* includes extensive work on the theory practice research and policy foundations of the profession of CMFT and its roles in an integrated health care system Developed in partnership with the American Association for Marriage and Family Therapy AAMFT it will appeal to clinicians such as couple marital and family therapists counselors psychologists social workers and psychiatrists It will also benefit researchers educators and graduate students involved in CMFT

Global Families Meg Wilkes Karraker,2012-05-08 In *Global Families* author Meg Karraker provides family scholars with a methodical introduction to the interdisciplinary field of globalization *Global Families* then examines the ways in which globalization impinges on families throughout the world in four major areas demographic transitions world wide culture international violence and transnational employment The book concludes with a discussion of supra national policies and other efforts to position families in this global landscape

Handbook of Marriage and the Family Gary W. Peterson, Kevin R. Bush,2012-09-14 The third edition of *Handbook of Marriage and the Family* describes analyzes synthesizes and critiques the current research and theory about family relationships family structural variations and the role of families in society This updated *Handbook* provides the most comprehensive state of the art assessment of the existing knowledge of family life with particular attention to variations due to gender socioeconomic race ethnic cultural and life style diversity The *Handbook* also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society In addition the involvement of chapter authors from a variety of fields including family psychology family sociology child development family studies public health and family therapy gives the *Handbook* a multidisciplinary and interdisciplinary framework

Introduction to Family Processes Denise Ann Bodman, Bethany Bustamante Van Vleet, Randal D. Day,2022-05-02 *Introduction to Family Processes* *Diverse Families* *Common Ties* serves to provide an explanation of the complex workings of inner family life The text primarily focuses on family processes and dynamics the inside of families as opposed to sociological trends political topics or the individual psychological approach The text further presents the research underlying these processes and effectively presents ways to increase the positive aspects of family life This edition has been updated to include current research and contemporary topics The text has been divided into four parts Foundations Building and Establishing Families Maintaining Families and Change Turbulence Gains Losses While the research methods chapter still provides an introductory examination of family science research it now includes an expanded discussion on research design methods and advances in the area A new chapter titled *Forgiveness Kindness Hope and Gratitude* has been incorporated to amplify positive family processes and highlight emerging research This edition provides added emphasis on diverse families e g race ethnicity family structure LGBTQIA ability culture and family formation and each chapter includes a new *Discussions in Diversity* section related to that chapter The authors have consciously included an epilogue as a way of reflecting on what they have learned along with what they hope to learn in

the future Aimed at courses related to family studies and family dynamics this text provides a comprehensive review of family processes Whether it is used for undergraduate or graduate classes professional growth or personal enrichment the text assists readers in enhancing the positive aspects of family life avoiding undesirable aspects and more effectively managing the challenges and obstacles families face that cannot be avoided Thus the text holds an appeal for people who live or will live in families as well as those who want to work with families
