American Jihadist Terrorism Jerome P. Bjelopera, 2011

From May 2009 through October 2011 arrests were made for 32 homegrown jihadist inspired terrorist plots by American citizens or legal permanent residents of the United States Two of these resulted in attacks U S Army Major Nidal Hasan s alleged assault at Fort Hood in Texas and Abdulhakim Muhammed s shooting at the U S Army Navy Career Center in Little Rock AR and produced 14 deaths By comparison in more than seven years from the September 11 2001 terrorist strikes 9 11 through April 2009 there were 21 such plots Two resulted in attacks and no more than six plots occurred in a single year 2006 The apparent spike in such activity from May 2009 to October 2011 suggests that at least some Americans even if a tiny minority continue to be susceptible to ideologies supporting a violent form of jihad This report describes homegrown violent jihadists and the plots and attacks that have occurred since 9 11 For this report homegrown and domestic are terms that describe terrorist activity or plots perpetrated within the United States or abroad by American citizens legal permanent residents or visitors radicalized largely within the United States The term jihadist describes radicalized individuals using Islam as an ideological and or religious justification for their belief in the establishment of a global caliphate or jurisdiction governed by a Muslim civil and religious leader known as a caliph The term violent jihadist characterizes jihadists who have made the jump to illegally supporting plotting or directly engaging in violent terrorist activity The report also discusses the radicalization process and the forces driving violent extremist activity It analyzes post 9 11 domestic jihadist terrorism and describes law enforcement and intelligence efforts to combat terrorism and the challenges associated with those efforts It also outlines actions underway to build trust and partnership between community groups and government agencies and the tensions that may occur between law enforcement and engagement activities Appendix A provides details about each of the

post 9 11 homegrown jihadist terrorist plots and attacks Finally the report offers policy considerations for Congress **The Enemy of My Enemy** George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

The American Journal of Islamic Social Sciences ,2005 **Preachers of Hate** Kenneth R. Timmerman,2004 Bestselling author Timmerman contends that besides Islam itself the core unifying force in the Muslim world is a virulent strain of anti Semitism that postulates the existence of a Jewish conspiracy to take over the world **Black Friday** Greg J. Gardner,2019-07-03 Greg J Gardner brings to life the darkest terror attack America has every faced when a small enclave of Islamic extremists works to bring about the collapse of the American ideal Gripping engrossing and graphic without being grotesque the story follows a small but well trained group of terrorists who attack busy shopping centers and grocery stores during the height of holiday shopping and the busiest day of the year Black Friday From the bloody front line to the CNN news desk and from California to the Oval Office Black Friday details the attack from the moment it begins in the small town of Boone North Carolina Simultaneously in several states jihadist teams open fire on shoppers with semiautomatic weapons killing thousands in minutes As America reels from this attack another begins Hell bent on the destruction of America and willing to give their lives the terrorists will stop at nothing to kill as many innocent people as possible dividing America in the process and turning neighbor against neighbor As race and religious differences threaten to push the country apart the American people must fight to overcome differences and band together to conquer a common enemy While it augurs an effect on the United States more eerie than a prolonged nightmare Black Friday sets forth in convincing detail what a small enclave of Islamic extremists could do to bring about the collapse of the American ideal Indeed in this breakout novel by Greg Gardner a cadre of terrorists brings about a transformation in this country that no one now anticipates And yet Gardner s narrative of unfolding horrors is neither a condemnation of Islam nor anthem to America s virtues It is a play by play through a harrowing month in the tribulation of ordinary people who comprise the bedrock of America during the course of a continuing nationwide atrocity Gripping engrossing and graphic without being grotesque I can argue that Black Friday is precisely what would happen from the White House to the newsrooms across the continent to the back roads around every town when a few dozen well trained well coordinated and determined fanatics do what in their perverse minds God demands of them David A Woodbury author of Tales to Warm Your Mind Ten Whimsically Morbid Short Stories The Clover Street News Fire Wind Yesterday A Tale of Ukraine and Khazaria and Babie Nayms Baby Names **Journal of the American Asiatic Association** ,1918 *Arab and Muslim Stereotyping in American Popular Culture* Jack G.
