American Islam Growing Up Muslim In America:

American Islam Richard Wormser,2002-02-01 Interviews with young American Muslims highlight an overview of one of America s most misunderstood religious groups showing how Muslims maintain their traditions in the face of the permissiveness of American society Reprint *American Islam* Richard Wormser,2002-02-01 Interviews with young American Muslims highlight an overview of one of America s most misunderstood religious groups showing how Muslims maintain their traditions in the face of the permissiveness of American society

Young Muslim America Muna Ali,2018-01-08 Young Muslim America explores the perspectives and identities of the American descendants of immigrant Muslims and converts to Islam Whether their parents were new Muslims or new Americans the younger generations of Muslim Americans grow up bearing a dual heritage and are uniquely positioned to expound the meaning of both In this ethnographic study Muna Ali explores the role of young Muslim Americans within America and the ummah through four dominant narratives that emerge from discussions about and among Muslims Cultural differences purportedly cause an identity crisis among young Muslims torn between seemingly irreconcilable Islamic and Western heritages Additionally culture presumably contaminates a pure Islam and underlies all that divides Muslim America s diverse subgroups Some propose creating an American Muslim culture and identity to overcome these challenges But in this historical moment when Muslims have become America s newest problem people and political wedge some Americans are suspicious of this identity and fear a Muslim cultural takeover and the Islamization of America Situating these discussions in the fields of identity immigration American studies and the anthropology of Islam Ali examines how younger Muslims see themselves their faith community and their society and how that informs their daily life and helps them envision an American future

Growing Up Muslim Andrew C. Garrod,Robert Kilkenny,2014-04-15 While 9 11 and its aftermath created a traumatic turning point for most of the writers in this book it is telling that none of their essays begin with that moment These young people were living probing and shifting their Muslim identities long before 9 11 I ve heard it said that the second generation never asks the first about its story but nearly all the essays in this book include long intimate portrayals of Muslim family life often going back generations These young Muslims are constantly negotiating the differences between families for whom faith and culture were matters of honor and North America s youth culture with its emphasis on questioning exploring and inventing one s own destiny from the Introduction by Eboo PatelIn *Growing Up Muslim* Andrew Garrod and Robert Kilkenny present fourteen personal essays by college students of the Muslim faith who are themselves immigrants or are the children of immigrants to the United States In their essays the students grapple with matters of ethnicity religious prejudice and misunderstanding and what is termed Islamophobia The fact of 9 11 and subsequent surveillance and suspicion of Islamic Americans particularly those hailing from the Middle East and the Asian Subcontinent have had a profound effect on these students their families and their communities of origin
