Cairns,1912 **Race, Transnationalism, and Nineteenth-Century American Literary Studies** Robert S. Levine,2018 This book offers new perspectives on race and transnationalism in nineteenth century American literary studies and ranges widely in developing new approaches to canonical and non canonical authors It will appeal to graduates and scholars working on nineteenth century American literature transnationalism and African American literary studies **Women and Literary Celebrity in the Nineteenth Century** Brenda R. Weber,2016-02-11 Focusing on representations of women s literary celebrity in nineteenth century biographies autobiographical accounts periodicals and fiction Brenda R Weber examines the transatlantic cultural politics of visibility in relation to gender sex and the body Looking both at discursive patterns and specific Anglo American texts that foreground the figure of the successful woman writer Weber argues that authors such as Elizabeth Gaskell Fanny Fern Mary Cholmondeley Margaret Oliphant Elizabeth Robins Eliza Potter and Elizabeth Keckley helped create an intelligible category of the famous writer that used celebrity as a leveraging tool for altering perceptions about femininity and female identity Doing so Weber demonstrates involved an intricate gender sex negotiation that had ramifications for what it meant to be public professional intelligent and extraordinary Weber s persuasive account elucidates how Gaskell s biography of Charlotte Bront served simultaneously to support claims for Bront s genius and to diminish Bront s body in compensation for the magnitude of those claims thus serving as a touchstone for later representations of women s literary genius and celebrity Fanny Fern for example adapts Gaskell s maneuvers on behalf of Charlotte Bront to portray the weak woman s body becoming strong as it is made visible through and celebrated within the literary marketplace Throughout her study Weber analyzes the complex codes connected to transatlantic formations of gender sex the body and literary celebrity as women authors proactively resisted an intense backlash against their own success **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study The Cambridge History of American Literature William Peterfield Trent,John Erskine,Stuart Pratt Sherman,Carl Van Doren,1917 *American Literature of the Nineteenth Century* Lloyd W. Currey, Mattapan,1969 *The Cambridge History of American Literature* ,1917 *An Introduction to the Study of American Literature* Brander Matthews,1896 This book is intended as an introduction to the study of American literature Although the chapters on the separate authors are wholly distinct they have been so planned that each of them prepares the way for its successor and that all of them together outline the changing circumstances under which American

literature has developed An attempt has been made to show how each of the chief American authors influenced his time and how he in turn was influenced by it and also to indicate how each of them was related to the others both personally and artistically Bearing in mind the fact that the student needs to have his attention centered on vital points all dates and all proper names and all the titles of books not absolutely essential have been rigorously omitted Interest has thus been concentrated on the literary career of each of the greater writers and on their practice of the literary art in the hope and expectation that the student will be encouraged and stimulated to read their works for his own pleasure After the consideration of these more important authors one by one the writers of less consequence have been discussed briefly in a single chapter and in like manner a single chapter only has been devoted to a summary consideration of the condition of our literature at the end of the nineteenth century To arouse the student s interest in the authors as actual men the illustrations chosen have been confined to portraits and views and to facsimiles of manuscripts To enable him to see for himself the successive stages of the growth of American literature and to let him discover how the authors sometimes came one after another and sometimes worked side by side there has been appended also a chronological table of the chief dates in our literary history As mere text book instruction can never be an adequate substitute for the student s own acquaintance with the actual works of the authors discussed there have been annexed to every chapter bibliographical notes calling attention to the editions most suitable for the student s reading and also to the best biographies and to a few of the most suggestive criticisms From the Prefatory Note
