[American History, Bundle I](#) William D. Willis, 2017-09-07 The ultimate history Bundle for all Americans and people who take interest in American history From Native Americans to America today embark on a journey that reveals the mistakes that tore a continent apart as well as the triumphs that rebuilt it American History US History An Overview of the Most Important People Events The History of United States From Indians to Contemporary History Native Americans Indians New York Book 1 Final edition complete with maps illustrations and eyewitness accounts This is the story of how a handful of explorers and settlers grew into one of the world s greatest nations With US History An Overview of the Most Important People Events you ll meet the leaders that founded and shaped a great nation But this short introduction to American History doesn t stop at who and when It follows the rollercoaster of events to also show you how and why Columbus discovery of an uncharted continent led to rapid colonization by Spanish and European nations Fierce competition between the Spanish French English and Portuguese divided the North American landmass into multiple territories A series of great leaders founded a democracy that has withstood centuries of peace and turmoil War tragedy and famine shaped the United States into a modern superpower The United States Constitution continues to guide and shape the nation today The major political parties of the past shaped the modern Republican and Democratic parties Native Americans American History An Overview of Native American History Your Guide To Native People Indians Indian History North American Wars Native American Culture Book 1 3rd edition complete with expanded and brand new content Discover a history you never knew An in depth look at all aspects of Native American social and geographical history The study of Native American heritage is a great way to learn more about their customs and habits More importantly it will show you the huge role Native Americans played in American society history and independence

The Mammoth Book of Native Americans Jon E. Lewis, 2004-02-26 Native Americans make up less than one per cent of the total US population but represent half the nation s languages and cultures Here in one grand sweep is the full story of Native American society culture and religion Here is everything from the land based spirituality of

their early creation myths and the late rise of Indian Pride to the 88 uses to which the Sioux put the flesh and bones of the buffalo and the practice of berdache men adopted as women The book offers a chronological history of America s indigenous peoples It covers their dramatic early entry into North America out of the now submerged continent of Beringia then in more recent times the forgotten wars of the 16th and 17th centuries which wiped many tribes from the face of the East Coast and finally describes to the last struggles of the Cheyenne and the Comanche Celebrating these peoples way of life rather than focusing narrowly on the manner of their genocide it does not ignore uncomfortable facts of the Amerindian past including the cannibalism believed to have been practised by some tribes and the Native Americans part in the decimation of North America s buffalo herds
