The United States Catalog, 1921 **Defending Same-Sex Marriage** Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples Progress is being made on many fronts mayoral action clergy officiating at same sex marriage and union ceremonies state legislative responses and street protests to name a few Meanwhile opposition to same sex marriage has also been gathering strength The struggle is sure to continue unabated for some time to come pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S

Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1 049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States **AMERICAN DEMOCRACY NOW** BRIGID.

HARRISON,2019 The New Politics of the Textbook Heather Hickman,Brad J. Porfilio,2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and dis ability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production American Democracy Now Brigid C.
