

The New Dominant Life Form

Let's define a **life form** as any independent agent that follows the three fundamental requirements of evolution: replication, mutation, and survival of the fittest.

Here's a question: What life form has the ability to replicate instantly with almost no expenditure of energy, can mutate during replication or at any time thereafter, and, when it has failed in the battle of survival of the fittest, sells little pieces of itself to its competitors in order to minimize its own pain of death? These are fantastic powers no human could hope to have. But what if we go further, and ask what life form has the miraculous power of being in many places at the same time, has an infinite life span, and can cleave off chunks of itself and have them instantly come alive? That would make it a formidable competitor indeed, one that could run rings around any other plant or animal. Darwin would be astounded.

But there's more: What life form totally dominates mankind, by controlling most jobs in developed countries, by determining the path of nearly all of new technology, products, and services, by controlling elections and political decisions more than any other life form, and by defining the very evolution of culture to its advantage through demand advertising, ownership of the media, and new product design? If that is not enough, what life form controls the billions of boxes in our homes that provide us with most of our "news," and most of our new knowledge once we have finished school, while at the same time subconsciously indoctrinating us to be high volume, complacent consumers? To top it off, what life form is spreading exponentially from industrialized countries to the rest of the world, and will soon dominate them all? The answer is obvious. It's large for-profit corporations, which is the **New Dominant Life Form**, also known as *Corporatis profitis*.

Thus the dominant life form on Earth is no longer *Homo sapiens*. Instead, it is large for-profit corporations and their allies, notably the rich.

The corporate life form has achieved dominance by successful exploitation of the race to the bottom and mass deception. It can thus endlessly thwart or delay all efforts to significantly change the human
