**An Applied Theory of Self** Jorge A. Barriere-Mendez,2015-08-06 I stand here with a difficult task to propose and to discuss an Applied Theory of Self that saved my life Let me say that again saved my life I wish someone else had written it thirty years ago and had placed it in my hands It would have been a life with less heartache and headaches A better fuller life And so this is why I'm here I'm here to say that the reality you see is not real I'm here to say that those words you speak and those acts you author are not yours I'm here to say that life is not out there as you have been taught but inside of you and that it is yours I'm here to say that all that exist and will ever exist is now here right now That it will always be NOW I'm here to say that this is your movie that this is your life and I'm here to ask what is it about Your movie what is it about The question is not what is it about during but what is it about at the end I'm here to say that that decision you make right now you are always making I'm also here to say that I'm not going to get metaphysical on you Not religious Not even philosophical I'm here to say that if you wish you can see what I'm about to say in a spiritual way but it's not a requirement I'm here to say that it's all about fears that if you know and learn about fears you'll know all that there's to be known about you and about man I'm here to point the way to authenticity and to point the way out of the woods You must do the heavy lifting and the walking yourself because this is your journey This is your life This is your movie I'm here to ultimately ask at the end of this movie of yours what is it going to be about I've got three steps I've got twelve insights I've got ninety two enumerated addendums to these insights These insights and their addendums will propose a simpler truer reality where you can be yourself fearlessly I've got a book Out of the Woods that may save your life
