## **Blood River:**

**Blood River** Tim Butcher, 2009-09-15 A British journalist retraces the legendary 1874 expedition of H M Stanley in this remarkable marriage of travelogue and history Max Hastings author of Armageddon When Daily Telegraph correspondent Tim Butcher was sent to Africa in 2000 he quickly became obsessed with the Congo River and the idea of recreating H M Stanley's nineteenth century journey along the nearly three thousand mile waterway Despite repeated warnings that his plan was suicidal Butcher set out for the Congo's eastern border with just a backpack and a few thousand dollars hidden in his boots Making his way in an assortment of vehicles including a motorbike and a dugout canoe helped along by a cast of characters from UN aid workers to a pygmy rights advocate he follows in the footsteps of the great Victorian adventurer Butcher's forty four day journey along the Congo River is an unforgettable story of exploration survival and history come to life Quite superb a masterpiece John le Carr 1 New York Times bestselling author Do NOT try to repeat Tim Butcher's audacious and terrifying Congo journey If you do you will probably die The Guardian Blood River keeps the heart beating and the attention fixed from beginning to end Fergal Keane international bestselling author of Wounds It is the wit and passion of the writing that keeps you engrossed Giles Foden author of The Last King of Scotland [From Memory to Marble](#) Elizabeth Rankin, Rolf Michael Schneider, 2020-09-07 For the first time the 92 metre frieze of the Voortrekker Monument in Pretoria one of the largest historical narratives in marble has been made the subject of a book The pictorial narrative of the Boer pioneers who conquered South Africa's interior during the Great Trek 1835-52 represents a crucial period of South Africa's past Conceptualising the frieze both reflected on and contributed to the country's socio-political debates in the 1930s and 1940s when it was made The book considers the active role the Monument played in the rise of Afrikaner nationalism and the development of apartheid as well as its place in post-apartheid heritage The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument Based on unpublished documents drawings and models these processes are unfolded step by step from the earliest discussions of the purpose and content of the frieze through all the stages of its design to its shipping to post-war Italy to be copied into marble from Monte Altissimo up to its final installation in the Monument The book examines how visual representation transforms historical memory in what it chooses to recount and the forms in which it is depicted The second volume expands on the first by investigating each of the twenty-seven scenes of the frieze in depth providing new insights into not only the frieze but also South Africa's history Fran Ois van Schalkwyk of African Minds co-publisher with De Gruyter writes From Memory to Marble is an open access monograph in the true sense of the word Both volumes of the digital version of the book are available in full and free of charge from the date of publication This approach to publishing democratizes access to the latest scholarly publications across the globe At the same time a book such as From Memory to Marble with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials demands reception of a more traditional kind that is on the printed page For this reason the

book is likewise available in print as two separate volumes The printed and digital books should not be seen as separate incarnations each brings its own advantages working together to extend the reach and utility of From Memory to Marble to a range of interested readers For more material you can browse at Stanford s database Voortrekker Monumentality a digital archive
