Bloody Valentine

Bloody Valentine:

Bloody Valentine Stephen R. George,2016-06-11 They called it the Profile Experiment It started ten years ago when five randomly chosen college students drew on their darkest imaginings to help the F B I construct the ultimate serial killer It became far more than a harmless exercise in terror when a little girl ended up dead just the way they d pictured it The experiment has long since been disbanded the files closed But the horror lives on His name is Joshua Valentine And he s calling his creators back to where it all began Joshua is ready to kill again And this time he s got an agenda that will make the Valentine s Day Massacre look like a picnic in the park

My Bloody Valentine Jo Gibson,2000-09 It s Valentine s Day at Hamilton High Everyone s excited about this year s big dance especially the six girls competing to be Queen of Hearts One student is paying extra close attention to the contest She doesn t believe a girl has the right to be queen if her heart isn t pure Five girls down One to go

Horror That Haunts Us Karrà Shimabukuro,Wickham Clayton,2024-02-06 Horror s pleasures fundamentally hinge on looking backward either on destabilising trauma or as a period of comfort and happiness which is undermined by threat However this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past The horror films of our youth can be locations of psychological and social trauma or the happy place we go back to for comfort when our lives become unsettled

Horror That Haunts Us Nostalgia Revisionism and Trauma in Contemporary American Horror is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate embody and rework our view of the past Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory the way historical and sociopolitical events and frameworks especially traumas reframe the way we look at our pasts or even the way recent horror films and video games look back at our past and the past of the genre itself through a filter of experience and history this collection will show the close relationship between nostalgia and popular horror These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past Edited by seasoned horror experts Karr Shimabukuro and Wickham Clayton

Horror That Haunts Us is a book with the aim of examining why we return again and again to certain popular horror films either as remakes or reboots or as the basis for pastiche and homage
