Blue Autumn Poems:

Pryderi's Pigs and Other Poems G. R. Grove, 2009-11-12 This is my second collection of poetry the first was King Arthur's Raid on Hell and other poems Most of these poems are written in medieval fixed forms or approximations of medieval forms one of my on going quests being a search for ways of reproducing the sound and feel of medieval Welsh poetry in modern English And yet because the bardic art I practice is a performance art these are in a larger sense not my poems at all but merely pale imitations poems preserved on paper Until I can come and sing the real poems to you I hope you will enjoy the substitutes

Autumn Poems: New and Selected Christopher Yokel, 2019-09-25 This small volume is a project that I've wanted to do for quite some time Growing up in New England autumn has always been my favorite season of the year the crisp coolness in the air the apple picking apple cider apple everything the trees going up in fire across the landscape the holidays As a poet who most often writes about nature this season has inspired my creativity perhaps more than any other Autumn is a paradox of tremendous beauty in the midst of dying and as such it has always felt like a seasonal thin place for me where a glimpse from the other side of things comes bursting through This volume collects most of my autumn themed poems found in other volumes along with a few new previously unpublished ones So find a cozy armchair pour yourself some hot cider and enjoy
