**Developing Democratic Character in the Young** Roger Soder, John I. Goodlad, Timothy J. McMannon, 2002-02-28  
Sponsored by the Institute for Educational Inquiry How are students going to function effectively in a democratic society This collection of original essays outlines the critical role of our schools in helping create the conditions necessary for a democracy and helping create in students the characteristics or dispositions critical to maintaining a democracy

Reaching and Teaching Middle School Learners Penny A. Bishop, Susanna W. Pflaum, 2005-04-20 Enhance classroom practice by promoting an open and shared process with your students Middle school students have much to say about the quality of their schooling experiences and can provide rich insight into what works for them and what doesn't Educators Penny A Bishop and Susanna W Pflaum demonstrate how to enhance classroom practice by inviting students to offer feedback on pedagogy learning styles and their individual preferences and needs Written for new and veteran teachers of grades 4-8 the unique framework of this book takes its cue from the students themselves by using their own words and drawings combined with the authors' action research insightful analysis and shared experiences Highlights of this powerful resource include Instructional strategies and content area learning Social interactions within the classroom that promote or inhibit learning Learner insights into their own engagement and disengagement in the classroom Student drawings reflective questions for teachers mini lessons and frequently asked questions about consulting students and honoring their insights Reaching and Teaching Middle School Learners focuses on the learning needs of adolescents as identified by the students themselves By promoting an open and shared process with your students you can meet the unique challenges of working with middle school learners and create a positive schooling experience for all

**Contemporary Readings in Curriculum**  
Barbara Slater Stern, Marcella L. Kysilka, 2008-03-20 This book of readings provides readers with an historical context of the curriculum field Contemporary Readings in Curriculum focuses on how curriculum may be organized and what is happening in the academic and co-curriculum of schools The readings also address the political nature and current debates of curriculum and how we must be attentive to the increasingly diverse populations found in our schools

Teaching for Intelligence Barbara Z. Presseisen, 2008 A wonderful collection that addresses issues important in today's classrooms This is an invaluable tool for any educator willing to strive for personal student and schoolwide excellence Gayla LeMay Social Studies Teacher Louise Radloff Middle School Duluth GA Presseisen has skillfully assembled an exceptionally fine collection of articles Burt Saxon Adjunct Professor Yale University and Southern Connecticut State University A vast world of thought inquiry and wisdom for educating all learners This remarkable collection features an interview with Howard Gardner and includes contributions from such luminaries as Robert J Sternberg Robert R Spillane Arthur L Costa Linda Darling Hammond Dorothy Strickland Joseph S Renzulli and Joyce VanTassel Baska The insightful articles encourage educators to examine their perspectives about the nature of intelligence standardized testing and curriculum requirements Readers will be able to

evaluate critical questions such as What does teaching for intelligence mean Who is the intelligent learner What do educators and scientists have to say about teaching for intelligence Updated with current research this thought provoking resource looks closely at current classroom instructional practice students intellectual development and how educators view students in the learning process

**Teaching for Dissent** Sarah Marie Stitzlein, 2015-11-17 Teaching for Dissent looks at the implications of new forms of dissent for educational practice The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent The authors look at how practices in schools such as the testing regime and the hidden curriculum suppress students ability to voice ideas that stand in opposition to the status quo Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation

**Reclaiming Dissent**, 2009-01-01 Reclaiming Dissent is a unique collection of essays that focus on the value of dissent for the survival of democracy in the United States and the role that education can play with respect to this virtue The various contributors to this volume share the conviction that the vitality of a democracy depends on the ability of ordinary citizens to debate and oppose the decisions of their government Yet recent history in the United States suggests that dissent is discouraged and even suppressed in the political cultural and educational arenas Many Americans are not even aware that democracy is not primarily about voting every four years or majority rule but about actively participating in public debates and civic action This book makes a strong case for the need to reclaim a tradition in the United States like the one that existed during the Civil Rights Era in which dissent opposition and conflict were part of the daily fabric of our democracy Teacher educators teacher candidates new teachers and educators in general can greatly benefit from reading this book
