The contributors invite us to recognize local intersections that are so easily overlooked yet are so important. They reveal the unities and fractures in national understanding, telling stories of otherness and marginality and of dislocation and unbelonging. Ce livre examine l'importance culturelle de l'espace et de la mémoire en contexte canadien et plus spécifiquement dans les littératures du pays afin d'inviter des lectures neuves des questions régionales, nationales et globales. Il rassemble sept chapitres en anglais et cinq en français en plus d'une introduction bilingue. Les contributions favorisant des approches thématiques et théoriques variées sont réunies par leur désir de mettre en lumière des croisements inédits entre la mémoire et l'espace en tant qu'ils définissent certains des problèmes les plus brûlants de notre époque au Canada. S'y trouve l'équilibre fort instable entre récits unitaires et fractures communautaires, entre altérité et marginalité ou entre dislocation et désappartenance.
