Brandt, 1993-09-24 On British television drama in the 1980 s **Yes Prime Manipulator** Nam Fung Chang, Nanfeng Zhang, 2005 A study of Nam fung s Chinese translation of Jonathan Lynn and Antony Jay s classic political satire Yes Prime Minister this monograph analyzes the relationship between function process and product in the art of translation [The World & I](#) ,1987 *C.P. Snow's Strangers and Brothers as Mid-twentieth-century History* Terrance L. Lewis, 2009 This book studies C P Snow s eleven volume series of novels Strangers and Brothers as documents detailing the social and political life of mid twentieth century Britain and points out the uses for

the novels in the academic study of that time period Both Snow and his central character Lewis S Eliot started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class their dreams of success in their teen years and their early professional education in a new struggling academic institution in the mid 1920s Neither could really be considered typical for men of their class Eliot s working life would include being a very minor town clerk a barrister an advisor to a powerful industrialist a Cambridge don a moderately powerful civil servant and finally in early retirement a writer Eliot would befriend members of both the traditional and Jewish upper classes scholars and brilliant scientists powerful behind the scenes civil servants second tier British and Nazi politicians financiers and industrialists Communists and writers and artists providing a fairly broad overview of parts of the middle class and ruling elites of the periods Snow s sequence of novels is therefore useful to the historian of twentieth century Britain both in understanding the period as it recedes away from common experience and in presenting the period in the classroom Snow was a classic twentieth century writer who presented a more balanced account of the British governing classes of the middle third of the twentieth century than did the upper class and would be upper class or working class writers of the same period His novels provide an insight that every student of twentieth century Britain must have on hand
