Ausstellungskatalog Universidad Complutense de Madrid,1993-01-01 *Complutense treasures, VII centennial 1293-1993*,1993 International Dictionary of Library Histories David H. Stam,2001-11 Following the format of Fitzroy Dearborn's highly successful *International Dictionary of Historic Places* and *International Dictionary of University Histories* the *International Dictionary of Library Histories* provides basic information for each institution location and holdings followed by an extensive 1 000 5 000 word essay on its history as well as a Further Reading list In addition the dictionary includes introductory articles on the history of various types of libraries and a library history in various regions of the world The dictionary profiles more than 200 institutions from around the world including the world's most important research libraries and other libraries with globally or regionally notable collections innovative traditions and significant and interesting histories The essays take advantage of the growing scholarship of library history to provide insightful overviews of each institution including not only the traditional values of these libraries but their innovations as well such as developments in automated systems and electronic delivery The profiles will emphasize the unique materials of research in these institutions archives manuscripts personal and institutional papers The introductory articles on types of libraries include topics ranging from theological libraries to prison libraries from the ancient to the digital An international team of more than 200 leading scholars in the field have contributed essays to the project *Bibliographic Index*,1999 **A History of New Testament Lexicography** John A. L. Lee,2003 New Testament lexicons of today are comprehensive up to date and authoritative Behind them lies a tradition dating back to the sixteenth century whose characteristics are not well known Besides giving a history of this tradition *A History of New Testament Lexicography* demonstrates its less satisfactory features notably its dependence on predecessors the influence of translations and its methodological shortcomings John A L Lee not only criticizes the existing tradition but stimulates thought on new goals that New Testament lexicography needs to set for itself in the twenty first century This book caters to the non specialist as well as those interested in philological detail

Biblioteca y epistolario de Hernán Núñez de Guzmán (El Pinciano) Juan Signes Codoñer,Carmen Codoñer Merino,Arantxa Domingo Malvadi,2001 Guía de manuscritos en las bibliotecas universitarias españolas Ramón Abad Hiraldo,Antonio Luis Galán Gall,2008 Los manuscritos conservados en las bibliotecas universitarias son magníficas fuentes de información en ocasiones raras pues no siempre existen ediciones impresas de los textos Además el propio manuscrito en su soporte su escritura ilustraciones y conservación es por su propia naturaleza un elemento de extraordinario valor para el investigador Sin embargo a n faltaba una guía que orientase a todas aquellas personas que necesitaban acceder a los riquísimos fondos existentes en nuestras bibliotecas El presente volumen fruto del Grupo de Trabajo de Patrimonio de Rebiun pero también de todos aquellos profesionales que han aportado los datos necesarios y los textos introductorios que sitúan a cada colección en su contexto histórico viene a cubrir ese vacío existente convirtiéndose en un instrumento de extraordinario

valor en manos del investigador del profesional de las bibliotecas y también por que no del curioso que desee acercarse al mundo de los manuscritos

Llamas beyond the Andes Marcia Stephenson, 2023-12-12 Camelids are vital to the cultures and economies of the Andes The animals have also been at the heart of ecological and social catastrophe Europeans overhunted wild vicuña and guanaco and imposed husbandry and breeding practices that decimated llama and alpaca flocks that had been successfully tended by Indigenous peoples for generations Yet the colonial encounter with these animals was not limited to the New World Llamas beyond the Andes tells the five hundred year history of animals removed from their native habitats and transported overseas Initially Europeans prized camelids for the bezoar stones found in their guts boluses of ingested matter that were thought to have curative powers Then the animals themselves were shipped abroad as exotica As Europeans and US Americans came to recognize the economic value of camelids new questions emerged What would these novel sources of protein and fiber mean for the sheep industry And how best to cultivate herds Andeans had the expertise but knowledge sharing was rarely easy Marcia Stephenson explores the myriad scientific commercial and cultural interests that have attended camelids globally making these animals a critical meeting point for diverse groups from the North and South
