The Complete Tutankhamun Nicholas Reeves, 1990 The tomb of Tutankhamun with its treasures has exerted a hold over the popular imagination ever since its discovery in 1922 This book is a detailed and comprehensive account of this great archaeological discovery The story of the boy king buried in splendour at the height of Egyptian civilization the determined quest for his tomb by Howard Carter and Lord Carnarvon the unforeseen riches eventually revealed these are important events in the history of archaeology However despite the publicity at the time of the discovery and since made more intriguing by the linking of Carnarvon's early death with the legend of the pharaoh's curse it remains a story only partly told Carter never produced a complete account of his excavations The Tutankhamun exhibitions of the 1960s and 1970s generated a spate of books but none added significantly to what Carter had already published about the tomb This book is a revealing account of the subject

The Story of Tutankhamun Garry J. Shaw, 2023-01-03 A lively new biography of Tutankhamun published for the hundredth anniversary of his tomb's modern discovery The discovery of Tutankhamun's tomb in 1922 sparked imaginations across the globe While Howard Carter emptied its treasures Tut mania gripped the world and in many ways never left But who was the boy king and what was his life really like Garry J Shaw tells the full story of Tutankhamun's reign and his modern rediscovery As pharaoh Tutankhamun had to manage an empire navigate influential courtiers and suffer the pain of losing at least two children all before his nineteenth birthday Shaw explores the boy king's treasures and possessions from a lock of his grandmother's hair to a reed cut with his own hands He looks too at Ankhesenamun Tutankhamun's wife and the power queens held This is a compelling

new biography that weaves together intriguing details about ancient Egyptian culture its beliefs and its place in the wider world

Tutankhamun and the Tomb that Changed the World Bob Brier, 2023 Tutankhamun and the Tomb that Changed the World shows a whole new side to the story of Tutankhamun's treasures exploring the 100 years of research that has taken place since the tomb's discovery

Atlantis and the Ten Plagues of Egypt Graham Phillips, 2003-07-23 Shows how a desecrated tomb in the Valley of the Kings holds the key to the true history of the destruction of Atlantis Reveals that Tomb 55 in the Valley of the Kings was designed not to keep intruders out but to trap something inside Provides forensic evidence proving that the mask believed to be the face of Tutankhamun is actually that of his elder brother Smenkhkare In Atlantis and the Ten Plagues of Egypt Graham Phillips explores the excavation of a mysterious and ritually desecrated tomb in the Valley of the Kings Tomb 55 which he contends holds the key to the true history of the destruction of Atlantis Unlike other Egyptian tombs designed to keep intruders out Tomb 55 was constructed to keep something imprisoned within specifically Smenkhkare the older brother of Tutankhamun who was deemed responsible for the ten plagues in Egyptian history to prevent such tragedies from ever happening again The forensic findings from this tomb coupled with compelling new evidence from the polar ice caps provide sensational evidence that the parting of the Red Sea the deaths of the first born and the other plagues that afflicted Egypt were all actual historical events Core samples from the polar ice caps indicate that a gigantic volcanic eruption took place in the eastern Mediterranean around the time of Amonhotep's reign Other research suggests this to have been the time of the eruption that destroyed the Greek island of Thera one of the likely locations of Atlantis and that the subsequent cataclysm may explain the unusual lack of resistance to the new religion installed by Amonhotep's son Akhenaten when he took power several years later
