[Bits & Pieces...Of a Biologist's Journey into Spirit](#) Janet Southall Connell, 2012-04-28 Bits Pieces has been a tool for understanding myself a more peaceful me Writing this book has allowed me to open doors to discover more of who I am I have had experiences shifted ideas sorted facts discovered some of my beliefs and brought together some of my ideas about biology and spirituality My hope is that others might find more self understanding more self realization from sharing my story We just might discover we are more alike than different I was feeling so crazy detached and miserable with anxiety galore About three years ago I was searching for a feel better place Among all the modalities I tried I walked into a Center for Spiritual Living thinking this might be an answer At the time it was an unconscious choice walking this spiritual path but now it s a conscious choice I knew I didn t like feeling this crazy and that was a motivator for me an inertia buster as I call it I have had shifts of consciousness observed different viewpoints and I have totally changed my ideas of how things work A transformation my evolution in consciousness Because of my personal and our collective consciousness a spiritual

path may not be what we think because things aren't always as they seem. It's all in our views and our beliefs. The destination unknown to me at the time was to walk a spiritual path. My life journey consisted of experiences that allowed me to reach my current understanding about life. I have realized that we are following our destiny all the time, creating life on the go. The best way is to become aware, we become empowered, making it a better journey, a better life for me and for you. And the journey continues.

Suddenly, Lucky is sharing custody of two children with Cassie Weatherall, one of the few homegrown women he hasn't bedded. And not from lack of trying.
