Complex Cases With Lasik:

Complex Cases with LASIK Louis E. Probst, 2000 The ability to effectively manage complications and complex cases is essential for the success of any LASIK practice *Complex Cases with LASIK* provides a comprehensive review of some of the most common and many of the most challenging LASIK cases so that every LASIK surgeon can feel confident managing complex surgical strategies and outcomes This book represents a collection of more than 85 complex LASIK cases from the world's most prominent refractive surgeons who have a combined experience of over 200 000 LASIK procedures Common LASIK complications such as epithelial ingrowth and flap striae are addressed as well as the less common but difficult complications of central islands buttonhole flaps LASIK interface keratitis and irregular astigmatism LASIK contraindications are also reviewed to demonstrate complex case outcomes The complex cases are divided into categories and each subsection contains a summary that describes the current concepts for those problems Each complex case starts with a standard data page outlining the critical case information The case presentation includes clinical intraoperative and postoperative photographs as well as relevant topographies Each case is followed by an editorial comment summarizing the key points and highlighting the pearls and pitfalls This book is an essential resource for both the aspiring and experienced LASIK surgeon

Difficult and Complicated Cases in Refractive Surgery Jorge L. Alió, Dimitri T. Azar, Alessandro Abbouda, Amr El Aswad, 2015-03-25 This richly illustrated book is intended as a gold standard for the refractive surgeon It complements the authors successful previous book *Management of Complications in Refractive Surgery* by providing detailed practical information on the management of specific cases Worldwide leaders in the field document a wide range of challenging cases drawn from their own clinical practice These cases relate to the planning of refractive laser treatment intra operative complications when using LASIK Microkeratome and Femtosecond and various surface treatments including PRK PTK and EpiLASIK early and late postoperative complications with these treatments and a range of other complications that may arise during or after refractive surgery This book will be an indispensable aid for the refractive surgeon and will assist in decision making when the surgeon is confronted by a difficult case
