The Sporting News Official Baseball Register 1985 ,1986-12 Official Baseball Register ,1985 *Dope* Daniel M. Rosen,2008-06-30 From the use of amphetamines and other stimulants in the early 20th century to the use of testosterone and steroids by both the USSR and the United States during Cold War era Olympics games to blood doping and EPO to designer drugs the history of doping in sports closely follows the medical and technological advances of our times In the early 21st century the possibility of genetically engineered athletes looms The story of doping in sports over the last century offers clues to where the battle over performance enhancement will be fought in the years to come This book includes a timeline of major milestones events in the history of doping from the mid 1800s onward It also shows that a number of popularly circulated stories about doping in sports don t hold up under close examination For example in 1886 an English cyclist was said to have died following the Bordeaux to Paris Dery race However the Bordeaux to Paris race didn t exist in 1886 It was first run in 1891
