Value Investing Tools And Techniques For Intelligent Investment:

Value Investing James Montier, 2009 As with his weekly column James Montier's Value Investing is a must read for all students of the financial markets In short order Montier shreds the efficient market hypothesis elucidates the pertinence of behavioral finance and explains the crucial difference between investment process and investment outcomes Montier makes his arguments with clear insight and spirited good humor and then backs them up with cold hard facts Buy this book for yourself and for anyone you know who cares about their capital Seth Klarman President The Baupost Group LLC The seductive elegance of classical finance theory is powerful yet value investing requires that we reject both the precepts of modern portfolio theory MPT and pretty much all of its tools and techniques In this important new book the highly respected and controversial value investor and behavioural analyst James Montier explains how value investing is the only tried and tested method of delivering sustainable long term returns James shows you why everything you learnt at business school is wrong how to think properly about valuation and risk how to avoid the dangers of growth investing how to be a contrarian how to short stocks how to avoid value traps how to hedge ignorance using cheap insurance Crucially he also gives real time examples of the principles outlined in the context of the 2008 09 financial crisis In this book James shares his tried and tested techniques and provides the latest and most cutting edge tools you will need to deploy the value approach successfully It provides you with the tools to start thinking in a different fashion about the way in which you invest introducing the ways of over riding the emotional distractions that will bedevil the pursuit of a value approach and ultimately think and act differently from the herd

Better Value Investing Andrew Hunt, 2015-08-06 Practical and powerful improvements for value investors Buying undervalued shares and selling when the price is many times greater has a natural appeal and research shows it works But not all value investors are successful As Andrew Hunt shows in this must read new book many are guilty of common errors in their planning and execution and these critically undermine their success Better Value Investing provides a straightforward framework to help all value investors improve showing them what to focus on and what to cut out in order to be successful Supported by the latest empirical research 15 years of real investing experience studies of what the top investors have said and done and wide reading Andrew Hunt reveals how financial strength is at the heart of value investing why to invest like an owner the importance of contrarianism why you should buy only the very best bargains the essentials of constructing and managing a portfolio how checklists control the process and keep the value investor on track This concise guide to honing the craft of value investing is essential reading for all value investors new and old With its help you can concentrate on what is important cut out errors and achieve what you set out to do making you a better value investor
