Al Quran A Contemporary Translation:

Al-Qur'an Ahmed Ali,1988 This English translation of the Qur an was first published in 1984 in Karachi Pakistan Ahmed Ali the distinguished Pakistani novelist diplomat and poet presents the Muslims Holy Book in a bilingual edition Available for the first time in paperback the translation renders the original in a contemporary and accessible voice Ahmed Ali s work is clear direct and elegant a combination of stylistic virtues almost never found in translations of the Qur an His is the best I have read Furthermore I found the Arabic in the margin to be extremely attractive F E Peters New York University This translation of the Qur an aims at doing something new it seeks to bring out the original rhythms of the Quranic language and the cadences It also departs from traditional translations in that it gives more refined and differentiated shades of important concepts Fazlur Rahman University of Chicago **Al-Quran** ,2001 **Marked Word Order in the Qurān and its English Translations** Dr Ahmed Saleh Elimam,2013-10-28 The literature on Balaghah the art of Arabic eloquence and commentaries on the Qur n stress that the style of the Qur n is beautiful eloquent and inimitable This literature identifies word order as one of the most distinctive aspects of Qur nic style One of the main reasons for this is that compared to English Arabic has fewer restrictions on word order thanks to its elaborate verb inflection system and case marking This flexibility allows for the foregrounding of some elements within the sentence resulting in a marked or non canonical word order and fulfilling certain discursive functions including specification restriction emphasis amplification glorification and denial Marked word order is used to highlight or downplay certain elements in speech or writing It constitutes one way of delivering meanings to the addressee as these meanings are ordered in the mind of the speaker in terms of their importance making the style a precise reflection of the speaker s mind and feelings This book is a descriptive study which attempts to examine how translations of the Qur n have handled yahs verses of the Qur n that feature lexical foregrounding focusing on ten published translations into English carried out by translators from different ideological and linguistic backgrounds It offers a systematic comparison of the ways in which the selected translators deal with the linguistic feature of word order variation and examines issues relating to the translator s style Specifically the book identifies and examines the following instances of marked word order discussed by commentators on the Qur n and the function served by each case of lexical foregrounding secondly the options and or patterns employed by translators to render the different functions of marked word order thirdly the recurrent options and or patterns for rendering different types of word order variation Finally the book explores the factors which may have influenced the choice of particular strategies by different translators including the translators motivations and the various historical contexts in which the translations were made The Language of the Taj Mahal Michael D. Calabria,2021-10-21 The Taj Mahal built by the Mughal emperor Shah Jahan 1592 1666 CE as a mausoleum for his wife Mumtaz Mahal 1593 1631 CE is considered exceptional in the history of world architecture This book provides a deeper understanding of the Taj Mahal and its builder by examining its inscriptions within their architectural

Contemporary Qur'an is an English translation of the Glorious Qur'an written in simple modern English for the reading pleasure of everyone who understands English. This translation is named The Contemporary Qur'an for three main reasons. Firstly, because the Qur'an is always relevant at all times, hence it must be read and understood in the context of how its message can be related with and applied to the modern and contemporary setting that we live in today. Secondly, because the passages are translated contextually instead of literally to bring out their meaning clearer and more accurately. And finally, because wherever applicable, the interpretation takes into account of relevant historical and scientific facts that have only been made available by recent advancements in science and technology. Other than helping Muslims and new converts to gain better understanding of the meaning of God's literal words, The Contemporary Qur'an also strives to address the most fundamental question asked by non-Muslims about the Qur'an and Islam, which typically is: How do you prove that the Qur'an is truly God's words and how can I be convinced that Islam is the true religion to follow? The following approaches were taken to address this question:

1. In the book's Foreword section, I discussed about my own experience in seeking the truth and how I applied simple logic to show that Islam stands out from the other religions.
2. Through irrefutable historical and scientific evidence that have been proven by recent advancements in science and technology, I impressed on how impossible it is for the Qur'an to be authored by a mortal, especially so for someone who lived in the 7th century, and I also briefly explained how its linguistic beauty is a miracle that can never be rivaled until the end of time.
3. I also showed passages from the Qur'an that Islam is a truly universal religion for all, which transcends race and ethnicity, as it places very high emphasis on social justice for all. There is no racial supremacy in Islam. Everyone is equal in the sight of God and will be solely judged by their true faith and piety towards Him, and the good deeds that they do. A true religion must have this universal feature because everyone is equal before his/her Creator. God cannot be God if He practices racial discrimination.
4. Through my footnotes on certain selected verses, I endeavored to make non-Muslims see that there is actually nothing wrong with Islam, even though many of its followers and nations are besieged with woeful conditions, mired by corruption and disunity. The problem is not with Islam, but with Muslims themselves, who taint its beauty with their ignorance and over-emphasis on rituals that are not authentically prescribed by Islam, but are instead products of culture and tradition that have been blindly inherited from earlier generations. Because of this, they become occupied with many unprescribed acts of worship until they unwittingly neglect the more important social responsibilities that have been commanded by God, to address such as the pursuit for quality education and equality before the law. Even worse, some tarnish and betray Islam simply because of their hypocrisy that is brought out from their insatiable greed for worldly gains.

In summary, the Qur'an is truly a book of divine guidance for mankind, which should not be ignored, as it addresses the real concerns and challenges faced by every society at all times. And The Contemporary Qur'an is truly special in its own distinctive way, which sets it apart from other English Qur'an translations, as it aims to help us see Islam as a well-balanced religion in living a blessed life in this world and emerge victorious in the next.
