Muslims in America Mbaye Lo, 2004

Islam and the Blackamerican Sherman A. Jackson, 2005-04-14 Sherman Jackson offers a trenchant examination of the career of Islam among the blacks of America Jackson notes that no one has offered a convincing explanation of why Islam spread among Blackamericans a coinage he explains and defends but not among white Americans or Hispanics The assumption has been that there is an African connection In fact Jackson shows none of the distinctive features of African Islam appear in the proto Islamic black nationalist movements of the early 20th century Instead he argues Islam owes its momentum to the distinctively American phenomenon of Black Religion a God centered holy protest against anti black racism Islam in Black America begins as part of a communal search for tools with which to combat racism and redefine American blackness The 1965 repeal of the National Origins Quota System led to a massive influx of foreign Muslims who soon greatly outnumbered the blacks whom they found here practicing an indigenous form of Islam Immigrant Muslims would come to exercise a virtual monopoly over the definition of a properly constituted Islamic life in America For these Muslims the nemesis was not white supremacy but the West In their eyes the West was not a racial but a religious and civilizational threat American blacks soon learned that opposition to the West and opposition to white supremacy were not synonymous Indeed says Jackson one cannot be anti Western without also being on some level anti Blackamerican Like the Black Christians of an earlier era struggling to find their voice in the context of Western Christianity Black Muslims now began to strive to find their black American voice in the context of the super tradition of historical Islam Jackson argues that Muslim tradition itself contains the resources to reconcile blackness American ness and adherence to Islam It is essential he contends to preserve within Islam the legitimate aspects of Black Religion in order to avoid what Stephen Carter calls the domestication of religion whereby religion is rendered incapable of resisting the state and the dominant culture At the same time Jackson says it is essential for Blackamerican Muslims to reject an exclusive focus on the public square and the secular goal of subverting white supremacy and Arab immigrant supremacy and to develop a tradition of personal piety and spirituality attuned to distinctive Blackamerican needs and idiosyncrasies

The Black Muslims William Banks, 1997 A history of the Nation of Islam from

its founding to the present day *Black Routes to Islam* M. Marable, 2009-08-03 Starting with 19th century narratives of African American travelers to the Holy Land the following chapters probe Islam's role in urban social movements music and popular culture relations between African Americans and Muslim immigrants and the racial politics of American Islam with the ongoing war in Iraq *Chicago Muslims and the Transformation of American Islam* S. Kaazim Naqvi, 2019-06-27 Through the Hart Celler Act of 1965 Islam in America underwent a dramatic transformation In the city of Chicago African American and immigrant Muslims increasingly came into contact and collaboration with each other Aided by shifts in American foreign and domestic policies and the increasing interconnectivity of Arab states with American Muslims the character and scope of community development and religious practice changed under the leadership of a new generation of American Muslims Envisioning themselves as part of a single ummah leaders of various Muslim communities worked to build understanding consolidate organizations and share time and space with their co-religionists Through their actions racial cultural linguistic and ideological barriers were no longer be irreconcilable differences Utilizing documents from groups like the MCC MSA and NOI this book emphasizes the on the ground actions of Chicago based Muslims in reimagining and building the ummah in America In doing so *Chicago Muslims and the Transformation of American Islam* offers a new approach to understanding the complex and oft disparate stories of American Muslim life during this era *The Black Muslims in America* C. Eric Lincoln, 1996-01-01 This edition provides a new generation of readers with an enriched up to date knowledge of the important but little understood Black Muslim movement **Islam in the African-American Experience** Richard Brent Turner, 1997 Malcolm X and more recently Louis Farrakhan are two of the more visible signs of Islam's influence in the lives and culture of African Americans Yet as Richard Brent Turner shows the involvement of black American with Islam reaches back to the earliest days of the African presence in North America Part I of the book explores these roots in the Middle East West Africa and antebellum America Part II tells the story of the Prophets of the City the leaders of the new urban based African American Muslim movements in the twentieth century Back cover **The Columbia Sourcebook of Muslims in the United States** Edward E. Curtis, 2009-05-18 Presents a patchwork narrative of Muslims from different ethnic and class backgrounds religious orientations and political affiliations bringing together an unusually personal collection of essays and documents from an incredibly diverse group of Americans who call themselves Muslims *America's Other Muslims* Muhammad Fraser-Rahim, 2020-01-08 America's Other Muslims Imam W D Mohammed Islamic Reform and the Making of American Islam explores the oldest and perhaps the most important Muslim community in America whose story has received little attention in the contemporary context Muhammad Fraser Rahim explores American Muslim Revivalist Imam W D Mohammed 1933 2008 and his contribution to the intellectual spiritual and philosophical thought of American Muslims as well as the contribution of Islamic thought by indigenous American Muslims The book details the intersection of the Africana experience and its encounter with race religion and Islamic reform Fraser Rahim spotlights the

emergence of an American school of Islamic thought which was created and established by the son of the former Nation of Islam leader Imam W D Mohammed rejected his father's teachings and embraced normative Islam on his own terms while balancing classical Islam and his lived experience of Islam in the diaspora Likewise his interpretations of Islam were not only American they were also modern and responded to global trends in Islamic thought His interpretations of Blackness were not only American but also diasporic and pan African

Reaching African-American Muslims for Christ Josh Llano, 2005-04
Josh Llano's book presents ministry guidelines to the Nation of Islam and African American Orthodox Muslims This relational evangelism identifies Jesus as the savior of all races colors and ethnic groups

Africana Faith James L. Conyers Jr., 2016-12-28 Essentially the study of black religion in America has been mysterious quarrelsome and paradoxical Repeatedly the reason in this primer aspires to make a concentric analysis of the function and capacity of spirituality and religiosity within the African American Muslim movement Recently there have been numerous volumes in the form of biographical or communal studies conducted on Black twentieth century religious figures Much of this discussion has exacerbated in hierarchy of religious values rather than a concentric analysis of the role and function of spirituality and religiosity Therefore this collection of essays places emphasis on the role and views of the missionary and voluntary spread of Islam among African Americans in the United States

A Black Man's Journey in America: Glimpses of Islam, Conversations and Travels Muhammad Ali Salaam, Ma Salaam, 2011-08-16 One of the most progressive movements for Freedom Justice and Equality in African American history has been Islam Transported into America among the very first slaves it has survived for four centuries under the most difficult of circumstances Yet it has produced some of the most influential leaders among Black Americans including Elijah Muhammad Malcolm X Imam Warithu Deen Mohammed Louis Farrakhan and many others In *A Black Man's Journey in America Glimpses of Islam Conversations and Travels* I have placed my family's history within the context of that Islamic heritage Further I have attempted to unravel the method through which African American Muslims were so often forced to embrace as a means of survival

Muslim American Hyphenations Mahwash Shoaib, 2021-05-19 The essays in *Muslim American Hyphenations Cultural Production and Hybridity in the Twenty first Century* contest the lack of nuance in the public debates about American Islam and reclaim a self determined identity by twenty first century Muslim American writers artists and performers *Muslim American Hyphenations* covers a wide spectrum of cultural representation based upon a shared religion that encompasses multiethnic and polylinguistic communities in the American landscape challenging both the sacred secular binary and the confines of multiculturalism The contributors to this volume explore the codes of belonging in different American spheres from transnational and local negotiations of immigrant and domestic Muslim Americans with nation race class and gender to the performance of faith in the creative manifestations of these identities In their analyses these scholars propose that Muslim American cultural productions provide an alternative space of dissensus and the utopian potentiality of connections with other minoritarian communities
