Black Sun Rising:

Black Sun Rising Celia Friedman, 2013-05-02 Over a millennium ago Erna a seismically active yet beautiful world was settled by colonists from far distant Earth But the seemingly habitable planet was fraught with perils no one could have foretold and the colonists found themselves caught in a desperate battle for survival against the fae a terrifying natural force with the power to prey upon the human mind itself drawing forth images from a person s worst nightmare or most treasured dreams and indiscriminately giving them life Twelve centuries after fate first stranded the colonists on Erna mankind has achieved an uneasy stalemate and human sorcerers manipulate the fae for their own profit little realising that demonic forces which feed upon such efforts are rapidly gaining in strength Now as the hordes of the dark fae multiply four people Priest Adept Apprentice and Sorcerer are about to be drawn inexorably together for a mission which will force them to confront an evil beyond their imagining in a conflict which will put not only their own lives but the very fate of humankind in jeopardy
