**Secrecy and Power in the British State** Ann Rogers,1997 Looking at how British membership of the European Union may affect the relationship between the state the citizen and secrecy the author claims that until a greater understanding of what is happening is achieved the British state is destined to remain undemocratic in many vital respects **Saudi Babylon** Sandy Mitchell,Mark Hollingsworth,2005 When Sandy Mitchell was arrested for his alleged involvement in bombings in Saudi Arabia in December 2000 he thought it was a case of mistaken identity Instead he spent two and half years in jail where he was repeatedly tortured After continuous beatings Mitchell was forced to sign a confession admit his guilt on Saudi television The Right Road? Andrew Moore,1995 The Australian Right has attracted little historiographical attention and has until now been a neglected area of study Individual organisations have been quite well documented and these sources have been used to provide evidence for an argumentative interpretation of right wing political groups and activities in Australia since 1788 The Australian Right emerges from and reflects a diverse tradition It embraces the typical Nazi brandishing fists and Swastika or the anti Asian skinheads of the film Romper Stomper to the modern econocrat who opposes the values of the French Revolution with impressive sounding jargon It has included priests polemicists and politicians broadcasters and bureaucrats soldiers and solicitors thugs and technocrats It has involved people from the margins crackpots and other sin the political mainstream especially Burkean conservatatives Paradoxically it is a heterogeneous movements that has advocated homegeneity It is synoptic rather than an exhaustive attempt to analyse the philosophies and actions of right wing groups The book does however proceed chronologically and covers right wing politics from nineteenth century Anglo Australian conservatism through the anti Bolshevism and fascism encountered by world events 1917 1930s and analyses postwar right wing movements in Australia The Infernal Machine Larry Hannant,1995 Challenging the conventional view that Canadian security screening began in September 1945 with the defection in Ottawa of Soviet cipher clerk Igor Gouzenko Hannant marshalls evidence from previously classified documents to show that systematic security screening began 15 years earlier It was initiated because the Russian Revolution in 1917 and the formation of the Communist International in 1919 caused Canadian authorities particularly the RCMP to view many citizens with suspicion Annotation copyright by Book News Inc Portland OR **The People's Peace** Kenneth O. Morgan,1999 This comprehensive and widely acclaimed study of British history since 1945 has now been fully updated and expanded for this new edition to include a chapter on the rise of New Labour *Thatcher's Fortunes* Mark Hollingsworth,Paul Halloran,2005 When Mark Thatcher was charged with financing an illegal coup by mercenaries to overthrow the oil rich regime in Equatorial Guinea people were

stunned but also intrigued The news made headlines across the globe and once again the son of Lady Thatcher was thrust into the spotlight of controversy skullduggery and dubious business ventures In January 2005 he pleaded guilty to breaking antimercenary laws by unwittingly financing a helicopter that was to be used by the rebels That he hoped would draw a line under the affair But the bigger question on everyone s minds during the saga has been just how has the son of the former Prime Minister made his fortune For the first time Thatcher and Son provides the answers It reveals that Margaret Thatcher was far more involved in helping her son enrich himself and indirectly their family while she was Prime Minister than was realised For most of the Thatcher decade Mark lived in the USA married to an ordinary Texan millionairess From that base he exploited his famous name for commercial gain He was a middleman on a multi billion arms deal with Saudi Arabia private security contracts in America and oil ventures in Africa although he continued to consort with arms dealers Now his connections with mercenaries who were attempting to topple the president of Equatorial Guinea have propelled him back on to the front pages Packed with new revelations about Mark and Lady Thatcher s financial and commercial affairs this book also provides an insight into the twilight worlds of international arms dealing and oil trading But at its heart Thatcher and Son is an insider s account of one of the world s most famous political dynasties In from the Cold Laurence Lustgarten,Ian Leigh,1994 Security and intelligence agencies are granted unparalleled powers human rights are restricted governments keep secrets from their citizens and huge sums of public money are spent all in the name of national security Beginning with a critical theoretical examination of national security and arguing that this concept should be infused with values of democracy and human rights the authors go on to discuss many important topics including telephone tapping bugging and the collection and retention of personal information on file Other issues analysed include employment vetting and security detention and deportation restrictions on the press and the use of criminal law to stifle criticism Finally the mandate powers and mechanisms for executive and ministerial control of the security and intelligence agencies are scrutinized the nearly completed Scott Inquiry is considered and the Intelligence Services Act 1994 is analysed in a detailed Coda This comparative study draws upon a wide range of sources and uniquely upon numerous interviews with security officials in the United Kingdom Canada and Australia In From the Cold is a timely and comprehensive treatment of issues which continue to pose the greatest challenge to democratic states British Propaganda and News Media in the Cold War John Jenks,2006 John Jenks digs into the archives to give a detailed account of British media discourse news manipulation and propaganda in the early Cold War **Callaghan** Kenneth O. Morgan,1997 Jim Callaghan s career in British public life is unique Starting in humble circumstances and then moving into trade union office and parliament at a young age he went on to hold all the major offices of state Chancellor of the Exchequer Home Secretary Foreign Secretary and for three tumultuous years from 1976 to 1979 Prime Minister This book covers every aspect of his career and sets it against the background of challenge and decline in British history in the second half of the twentieth century From decolonization in Africa the
