Opportunities and Challenges at Historically Black Colleges and Universities M. Gasman, F. Commodore, 2014-11-25 In this edited collection the authors grapple with both the strengths and challenges that HBCUs face as the nation's demographics change from their place in American society and growing diversity on HBCU campuses to class and elitism issues to study abroad and honors programs

Success Factors of Young African-American Males at a Historically Black College Marilyn Ross, 1998-03-30 At a time when American society is desperately seeking to create hope for inner city black youth this study serves as a tool to encourage those responsible for teaching and socializing young African American males who may feel they have little chance for success The study involved 17 African American male students at a historically black college in Miami Florida These students had great desire to achieve and did so despite daunting obstacles such as neighborhoods plagued with drugs gangs and crime Interviewing students at the moment in their lives when they had successfully advanced beyond their environment the author helps them to analyze their past in an honest manner The case

studies of the individuals reveal that family is the most relevant factor in the student's success particularly the presence of one person who cares and encourages the young man is vital In President Clinton's speech to the NAACP in July 1997 he remarked I am tired of being told that children cannot succeed because of the difficulties of their circumstances All we do is consign them to staying in the same circumstances It is wrong Through the stories of these students who have overcome their odds this book can serve as an inspiration for younger African American males to prevail over their own hardships

Black Students in White Schools Edgar G. Epps, 1972 **The Black Undergraduate** Alexander W. Astin, 1990 This report presents a national profile of black college freshmen in 1989-90 and shows how these students have changed based on the past 19 surveys 1971-1989 using data on 16 000-20 000 black freshmen from the Cooperative Institutional Research Program The study focuses on a wide variety of characteristics of black college freshmen family background financial aid and college choice academic factors behavioral patterns aspirations and plans expectations for college self concept and values and attitudes Although the report focuses on black-white differences it is emphasized that the items where substantial differences were found were considerably outnumbered by items that yielded minor or no differences Major findings include 1 black students reported lower family incomes and education level than white students 2 black college freshmen have experienced declining access to financial aid in the form of federal grants and have been forced to rely more on student loans 3 low tuition was a major factor in black students' decision about which college to attend 4 black freshmen continue to be less well prepared for college compared to their white counterparts 5 career choices of black students do not reflect preference for careers in the sciences or college teaching Nine references JDD

Black Women College Students Felecia Commodore, Dominique J. Baker, Andrew T. Arroyo, 2018-01-31 The latest book in the Key Issues on Diverse College Students series explores the state of Black women students in higher education Delineating key issues proposing an original student success model and describing what institutions can do to better support this group this important book provides a succinct but comprehensive exploration of this underrepresented and often neglected population on college campuses Full of practical recommendations for working across academic and student affairs this is a useful guide for administrators faculty and practitioners interested in creating pathways for Black female college student success Whether this book is read cover to cover or used as a resource manual the pages contain critical insights that should be taken into serious consideration wherever Black women college students are concerned

African American Student's Guide to College Success F. Erik Brooks, Glenn L. Starks, 2015-10-21 This encouraging guide coaches African American and first generation college students on strategies for maximizing their experiences and success on university campuses Marked gaps in academic achievements continue to exist between white and black students on college campuses in America This motivational book with contributions from academic role models from within the African American community provides tools to help ethnically diverse students choose the best college improve their study skills and cope with academic anxiety From college selection to

graduation this practical resource provides firsthand accounts of successful college experiences and the strategies used by former students to obtain their degrees This work is divided into four parts After an introductory section that addresses how to find the right college for aspiring students the second part discusses the culture of an academic environment and reveals what incoming students may discover on a new campus The third section introduces the language and lingo used in college settings Finally the guide concludes with conversations with successful African Americans who have achieved their undergraduate graduate and professional degrees The content also features a helpful college and university directory

Historically Black Colleges and Universities Julian Roebuck, Komandur Murty, 1993-08-12 There are currently 109 historically black colleges and universities in the United States Established before 1964 their mission was and continues to be the education of black Americans for service and leadership in the black community as well as the wider community Ever since Lincoln University opened its doors in 1854 controversy has raged over separate black institutions of higher learning Roebuck and Murty review the history of black colleges from the antebellum years prior to 1865 to the present They provide profiles of each of the major black universities from their founding until today including their current student composition and faculty makeup Reviewing the literature on race relations in college life the authors describe tensions on white and black campuses as reported in journals and periodicals They then analyze and interpret the results of their own empirical study of race relations on fifteen campuses in the southeastern United States This is the first comprehensive coverage of the subject
