Living With(in) Your Ends Kevin Michael Stevenson, 2023-09-15 Did you ever wonder why you see the world around you the way that you do Ever wondered why you might see everything in your world as a means to an end Why should you bother following the dictum to live within your means when you haven t even considered living with or within your ends You might ask yourself what is implied here by ends and by means and why does the latter always seem to come before the former After all how do we end anything without a means for doing so Living With in Your Ends provides a crutch for you to lean on while you ponder the means and ends within your life and the world around you It guides you on how to maintain your true identity without getting sucked into world of means where superficiality prospers Investigating human existence through a lens that values the present moment and which provides for practical consequences Kevin M Stevenson PhD provides an exploration into the deeper realms of perception and their relationships with time and identity Living With in Your Ends not only provides a conceptual map to follow for leading an authentic life it also considers some of the historical and philosophical notions that have blessed and plagued human existence Living With in Your Ends will provide you with a framework for healthy reflection and increased awareness of the intersections between yourself and the world
