Bleak Moments:

Mike Leigh Mike Leigh, 2000 Collected interviews with the British filmmaker of *High Hopes* *Life Is Sweet* and *Secrets and Lies* **Mike Leigh** Tony Whitehead, 2013-07-19 Mike Leigh may well be Britain's greatest living film director his worldview has permeated our national consciousness This book gives detailed readings of the nine feature films he has made for the cinema as well as an overview of his work for television Written with the co-operation of Leigh himself this is the first study of his work to challenge the critical privileging of realism in histories of the British cinema placing the emphasis instead on the importance of comedy and humour of jokes and their functions of laughter as a survival mechanism and of characterisations and situations that disrupt our preconceptions of realism Striving for the all important quality of truth in everything he does Leigh has consistently shown how ordinary lives are too complex to fit snugly into the conventions of narrative art From the bittersweet observation of *Life is Sweet* or *Secrets and Lies* to the blistering satire of *Naked* and the manifest compassion of *Vera Drake* he has demonstrated a matchless ability to perceive life's funny side as well as its tragedies *The Cinema of Mike Leigh* Garry Watson, 2004 A keen observer of British manners and mores Mike Leigh has been hailed as a celebrator of ordinary people Comparing and contrasting all his films from *Bleak Moments* and *High Hopes* through *Naked* the Oscar nominated *Secrets and Lies* and *Topsy Turvy* to *All or Nothing* Garry Watson considers this claim examining both their influence and their effect Through careful textual detail and wider social and literary comparison with the works of Charles Dickens and T S Eliot he argues ultimately for the artistic and cultural significance of Leigh's work as one of Britain's most respected film makers **Filmurbia** David Forrest, Graeme Harper, Jonathan Rayner, 2017-04-22 In this book scholars from across the world explore the appearance portrayal and significance of the suburb on film By the mid 20th Century supported by changes in transportation suburbs became the primary location of entire national populations and films about the suburbs began to concertedly reflect those suburbs significance as well as their increasingly lively cultures Suburbia very soon became filmurbia as films of the suburbs and those made in the suburbs reflected both the positive and the negative aspects of burgeoning suburban life Film makers explored the existences of new suburbanites their interests their newly emerging neighbourhood practices their foibles their fantasies and their hopes Whether depicting love ambition commerce family home or horror whether traveling to or living in suburban spaces whether exhibiting beauty brazenness or brutality the films of suburbia capture human life in all its diverse guises *All Or Nothing* Edward Trostle Jones, 2004 This critical study of Mike Leigh's cinema is a comprehensive assessment of his thirty plus years in film including his television features from the first feature length *Bleak Moments* to *All or Nothing* Through his own species of tragicomedy and favored thematic content concentrating on relationships Leigh enlarges the emotional boundaries of cinema for performers and audience alike His deep and fully realized characters often subvert both decorum and irony traditionally associated with British film and television Leigh's sense of the reciprocity and interpenetration of the material mundane the ridiculous and
